

Assign an entry to a category

 This article is designated for administrators.

1. Log into your Kaltura Management Console.

The **Entries** tab displays as the first page by default.

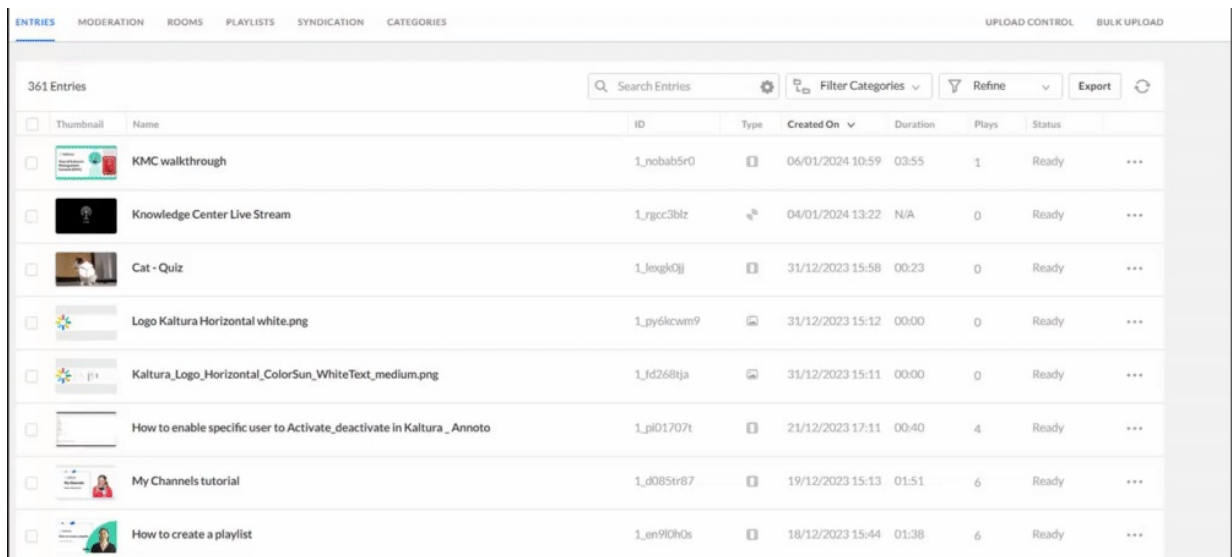

2. Click on the entry name or thumbnail.

The **Metadata** tab displays.

3. Click **Browse Categories**.

The **Select Categories** screen displays.

4. Choose the category you want to assign the entry to.

Select Categories

My new parent category x

[Clear All](#)

- PathNodes
- playlists
- private
- site 3
- unlisted
- My new parent category

[Change Categories](#)

! When adding an entry to a category in Kaltura's Video Portal (MediaSpace), be sure to add the entry to either the **Channels, Galleries, or unlisted** category located under the **site** category.

Select Categories

Select one or several categories.

- PathNodes
- playlists
- private
- site 3
- unlisted
- My new parent category

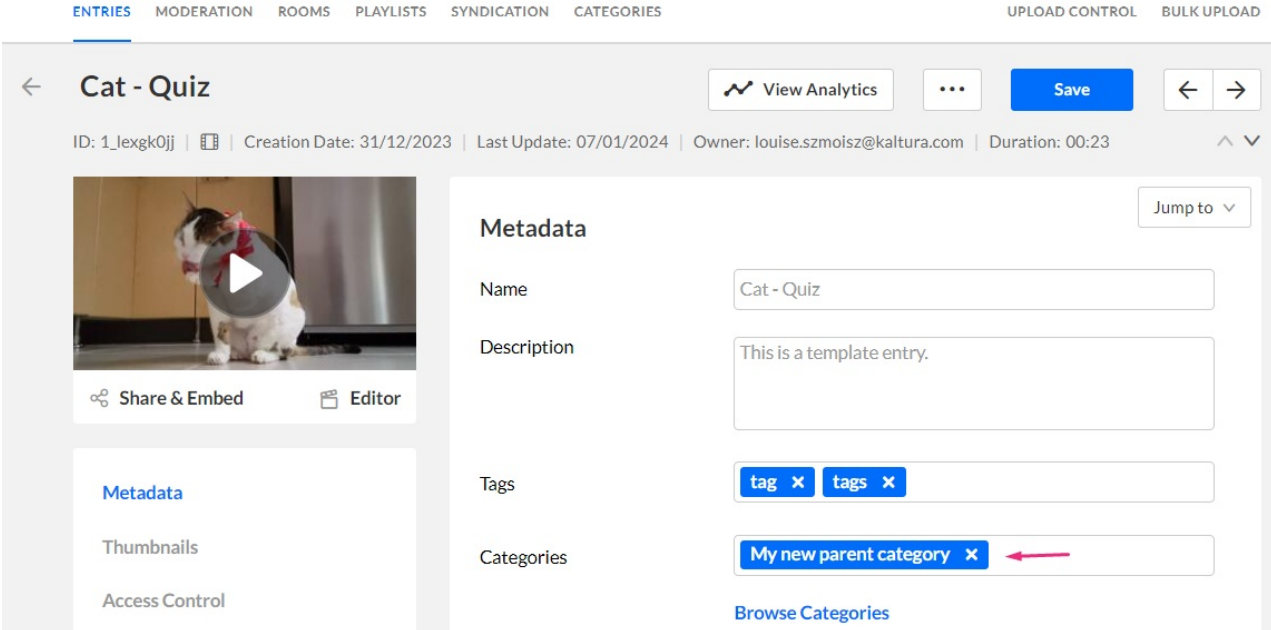

[Change Categories](#)

We don't recommend adding entries to other categories under the MediaSpace root category since adding entries to any other category may create unexpected issues. In addition, do not add content to both the unlisted category and

other categories. This will cause unexpected behavior.

5. Click **Change Categories**

The metadata tab displays showing the category the entry is now associated with.

The screenshot shows the 'Cat - Quiz' entry page in the Kaltura video portal. The top navigation bar includes 'ENTRIES', 'MODERATION', 'ROOMS', 'PLAYLISTS', 'SYNDICATION', 'CATEGORIES', 'UPLOAD CONTROL', and 'BULK UPLOAD'. The entry details show ID: 1_lexgk0jj, Creation Date: 31/12/2023, Last Update: 07/01/2024, Owner: louise.szmoisz@kaltura.com, and Duration: 00:23. The video player shows a cat with a red bow. The metadata editor on the right has fields for Name (Cat - Quiz), Description (This is a template entry.), Tags (tag x, tags x), and Categories (My new parent category x). A red arrow points to the 'My new parent category x' button. A 'Jump to' dropdown is visible in the top right of the metadata editor. The left sidebar has 'Metadata' selected, with 'Thumbnails' and 'Access Control' also visible.

6. Click **Save**.

- ✓ For information about assigning entries to a category in the Video Portal (also known as 'publishing'), see our user guide [Publish Media](#).
