

Configure distribution profiles in Rich Media CMS

Last Modified on 05/06/2026 8:40 pm IDT

 This article is designated for administrators.

About

Distribution profiles connect your Kaltura account to external platforms like YouTube and Facebook. Some profiles require authorization before they can be used for publishing. This article shows you how to authorize and remove these profiles in the Rich Media CMS.

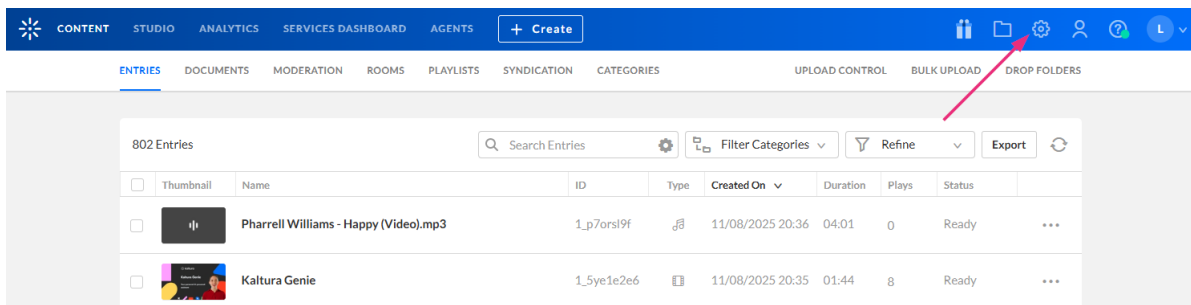

- To export content, visit our article [Distribute content in Rich Media CMS](#)
- To understand workflow and limitations, visit our article [About distribution in Rich Media CMS](#)

Authorize a YouTube distribution profile

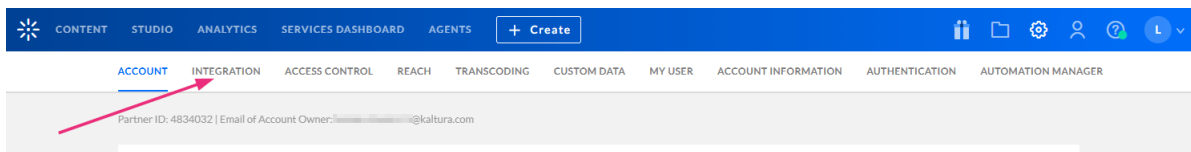

YouTube distribution profiles are authorized from the **Integration** tab in the Rich Media CMS.

1. Log into Rich Media CMS and click the **settings icon** (gear) at the far right.

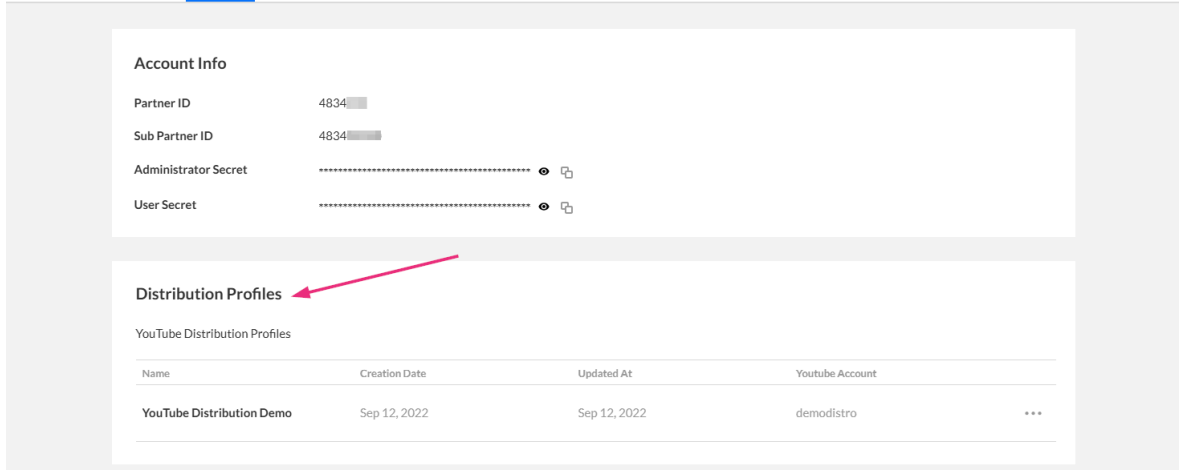

The settings page displays.

2. Click the **Integrations** tab.

The Integrations page displays.

Authorize

Delete

The 'Authorize YouTube API Access' window opens.

5. Click the link provided.

Authorize YouTube API Access

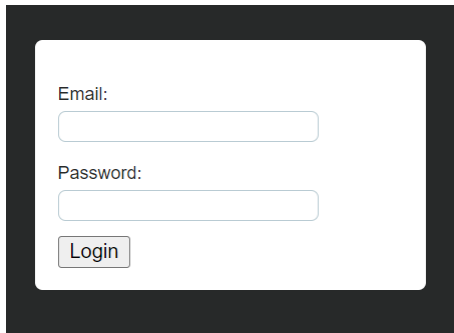

<http://www.kaltura.com/index.php/extservices/googleoauth2/ytid/youtubeapi/subid/23842d06b06931e648ecf9c9bebe764d?partnerId=4834032>

Click or copy the link above and login using your KMC credentials, then authenticate at Google using your Google Account that is linked with your YouTube channel.

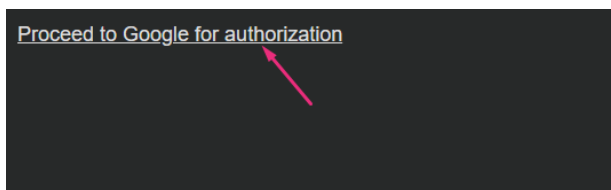

Close

A new window opens.

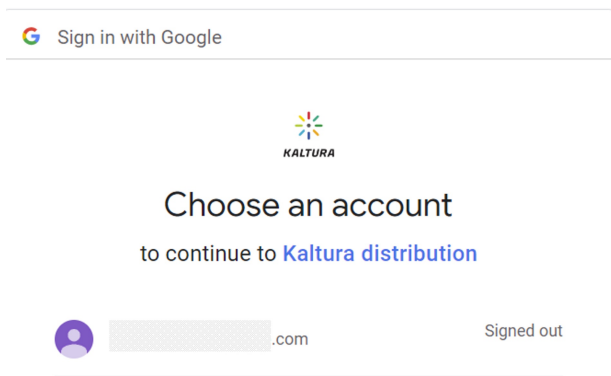

6. Enter your Rich Media CMS credentials and click **Login**.

7. Click **Proceed to Google for Authorization**.

8. Sign in with the Google account linked to your YouTube channel.

Once completed, the YouTube connector is authorized and ready for distribution.

Delete a YouTube distribution profile

After deletion, all distribution settings for the deleted profile will no longer be available. To recreate the connector, contact [Kaltura Support](#).

1. [Access your distribution profile](#).
2. Open the **three-dot menu** next to the YouTube profile you want to delete and select **Delete**.
