

Content distribution in Video portal

Last Modified on 08/05/2025 10:57 am IDT

28 This article is designated for all users.

Ready to amplify your content reach? Effortlessly distribute it using Kaltura's Distribution service, directly from your video portal.

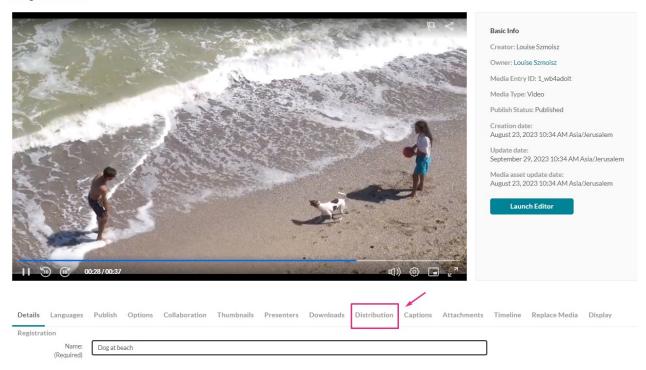

Get ready

- 1. Access the Edit Media Page.
- 2. Click on the **Distribution** tab.

The Distribution module must be enabled to use this feature. If the **Distribution tab** is not visible on your site, please reach out to your administrator for assistance in enabling it.

Dog at beach

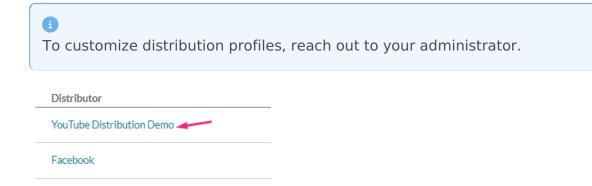

The Distribution settings displays.

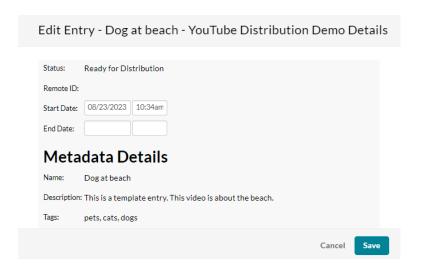

3. Click on the desired distribution profile.

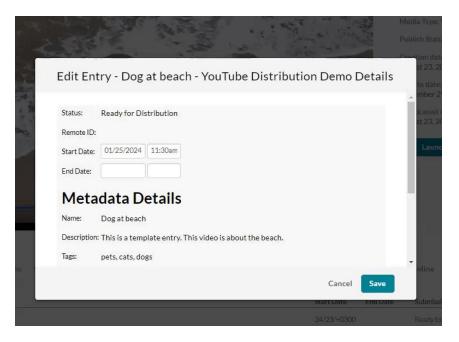

The distribution details page displays.

4. Set the **start** and **end** dates and times.

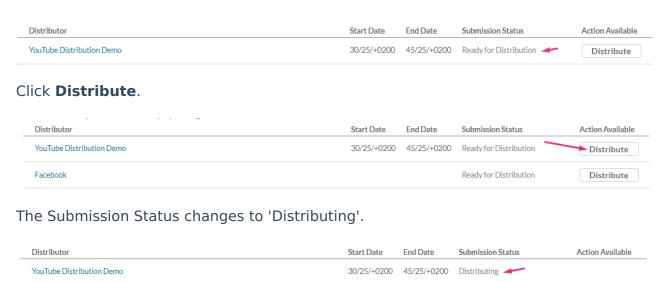

5. Click Save.

Distribute

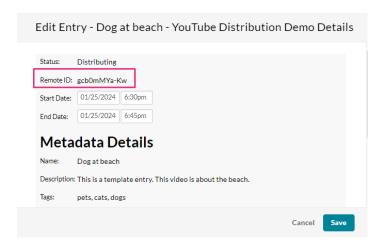

When the content is ready to be distributed, the **Submission Status** displays 'Ready for Distribution'.

View on site

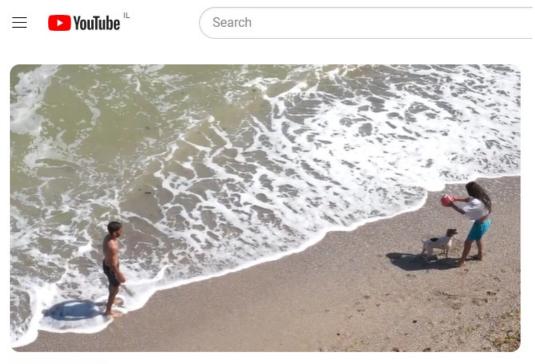

While the content is being distributed, a Remote ID is created in the distribution profile.

Copy the Remote ID and paste it into the distributor's site to see a preview of the entry.

Entry that has been distributed to YouTube:

Dog at beach

Delete distributed content

When the content has been distributed, the Submission Status changes to 'Distributed'.

You can delete the distributed entry by clicking **Delete**.
