 This article is designated for all users.

About

Use the distribution service to publish your media to external platforms directly from your legacy Video Portal.

You can set availability dates, manage distribution profiles, and track the status of each entry in one place.

Access the distribution settings

1. Access the [edit media page](#).
2. Click on the **Distribution** tab.

 The [Distribution module](#) must be enabled to use this feature. If the **Distribution tab** is not visible on your site, please reach out to your administrator for assistance in enabling it.
