About

The Team tab allows account owners/admin to add team members, edit team member information, and delete team members.

The Team tab is accessible via the Kaltura Virtual Events Home page and is only available to account owners/admin. To learn more about the other tabs on the Kaltura Virtual Events Home page, see Kaltura Virtual Events Interface Overview.

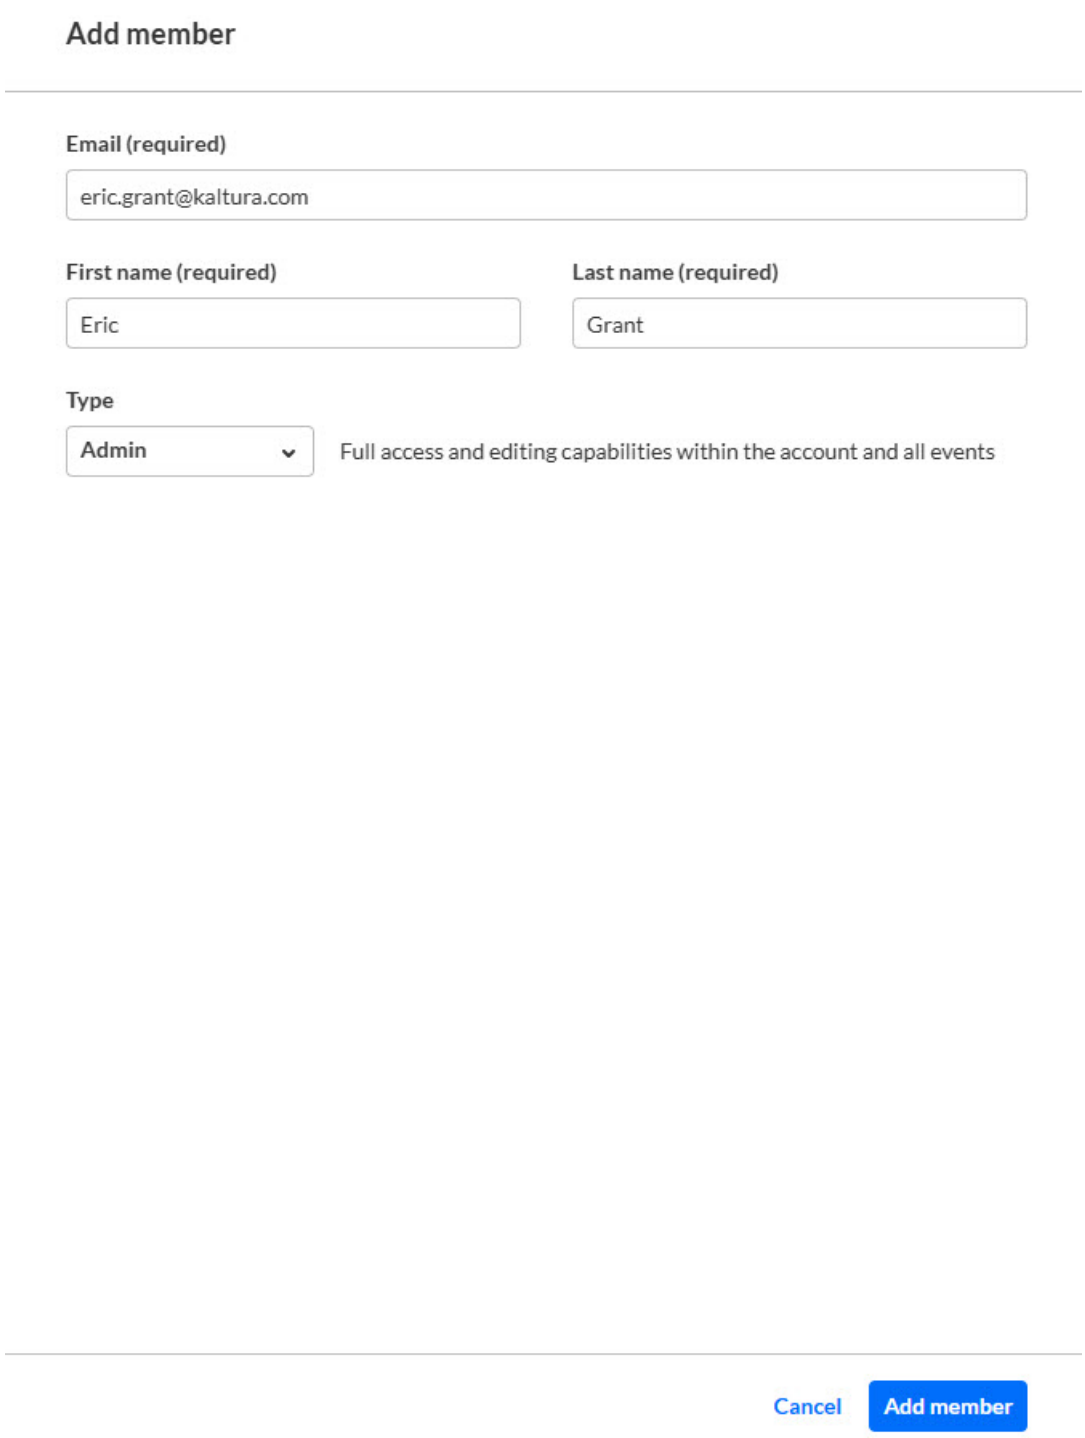

Add team members

You may add team members as fellow administrators to help manage the virtual events.

1. Click **Add member**. The Add member screen displays.

events they manage and within them can manage and configure all the different capabilities, settings, content, and people. Organizers are also assigned as moderators on their events.

- **Content manager** - manages content of a specific event(s). Responsible for curating, organizing, and managing the content that will be presented during the event. Content managers cannot create events and do not have access to the full user list, analytics, and reports.
  For more information, see Event user roles.

4. If you choose Organizer or Content manager, an additional field displays - Assign events.
5. Start entering the event name to search or expand the Assign events pull-down menu to see available events, then click the boxes next to the events you would like this new team member to manage.

Once a team member is added, you can search for them and edit their information by clicking the three blue dots to the right of their name and choosing Edit.

The Edit team member screen displays. Make desired changes and click **Save.** You may also click **Cancel** to cancel the action.

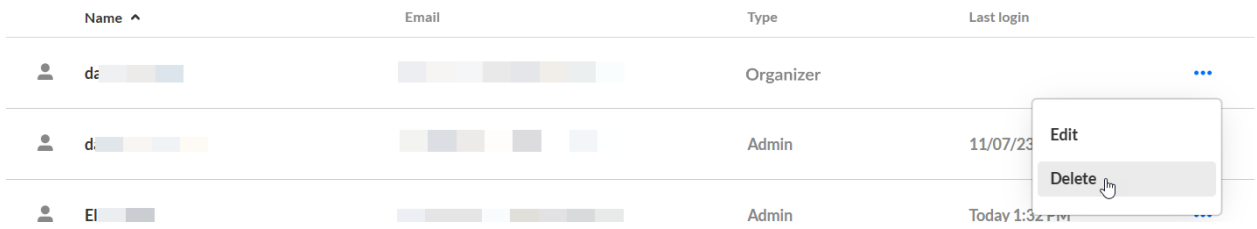

Please note - If you change the type of team member this person will be *from Admin to Event Organizer or from Admin to Content manager*, the Assign events field displays. You may search for existing events or expand the Assign events pull-down menu to see available events, then click the boxes next to the events you would like this person to manage (similar to the flow when you add a new Event Organizer or Content manager).
