About

The Analytics tab provides a full overview of analytics across your webinars.

 The Analytics tab is only available to account owners/admin.

The screenshot shows the Kaltura Analytics dashboard. At the top left is the Kaltura logo. On the right, there is a '+ Create' button and 'EP DEV Sandbox' with a dropdown arrow. A left sidebar contains navigation links: Home, Team, Analytics (highlighted), and Integrations. The main content area is titled 'Analytics' and includes a 'Download Report' button, 'Export' and 'Filter' dropdowns, and a date range selector for 'Last 30 Days' (May 6, 2023 - Jun 4, 2023) with a 'Clear All' link. Below these are three filter buttons: 'VOD' and 'Live'. The dashboard is divided into three columns: 'Highlights', 'Top Videos', and 'Insights'. The 'Highlights' section shows: 606 Player Impressions, 33 Plays (Out of 118 Played Entries), 9 Unique Viewers, and 21 Minutes Viewed (vod). The 'Top Videos' section lists: 1. SampleVideo_1... (8.8/10), 2. popcorn_2.mp4 (4.2/10), and 3. Записьэкран... (3.9/10). The 'Insights' section shows: May 16, 2023 Peak day, 81 Impressions, 9 Plays, 3 Unique Viewers, and 0.9 Minutes Viewed (vod).

The first portion of the page (shown above) provides information on highlights, top videos, and insights.

The second portion (shown below) provides information on player impressions, plays, unique viewers, minutes viewed, and average drop off rates.

The third portion (shown below) focuses on top videos.

Top Videos (2)

	Plays	Unique Viewers	Avg. Completion Rate (vod)	Score
1 	7	4	51.4%	8.8/10
2 	4	1	33.8%	4.2/10
3 	4	1	23.5%	3.9/10
4 	1	1	100%	3.7/10
5 	1	1	76%	3.6/10

1 2 3 4 5

The fourth portion (shown below) provides information on how player impressions led to engagement.

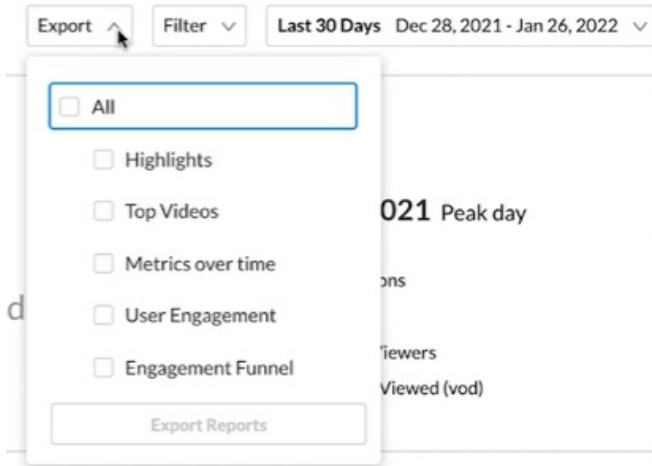

Download report

You may click the **Download Report** button to download a PDF version of the dashboard.

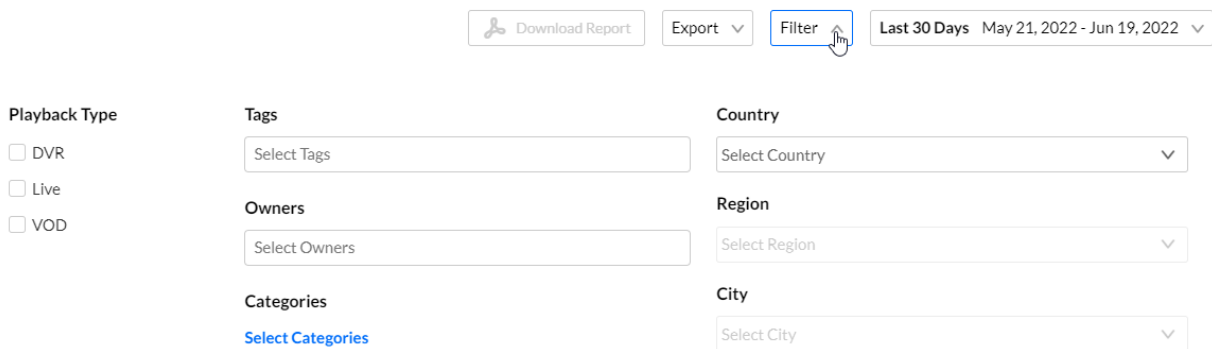

You may also perform the additional functions on the Analytics page. See the following sections.
