

Media Gallery page

This article is designated for all users.

The Media Gallery is a consolidated page for the course's media. Administrators and course instructors can customize the appearance and settings of the Media Gallery. Some of the basic functions are shown below:

1. **Let's Meet** button to initiate a live meeting. This is available to the administrator or course instructor in case the Kaltura Meetings app is enabled.
2. **Visit Site** button to open in a web browser.
3. Tabs for **Videos**, **Playlists**, and **About**.
4. **Actions** drop-down menu that offers options (depending on how your Media Gallery has been configured by your administrator).
5. Media items available in this Media Gallery.

The media gallery also comes with a new capability allowing administrators and course owners to add a header on top of the page:

[template("cat-subscribe")]
