About

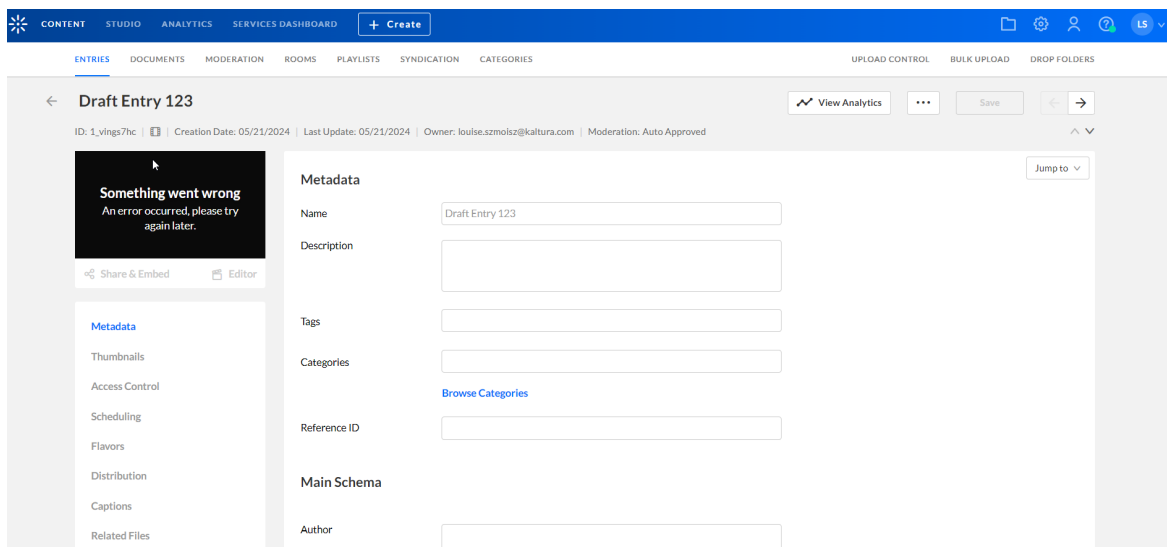

Draft entries allow you to create an entry without uploading content. Once the draft entry has been created, you can add content to it at a later time via the Flavors tab. To learn how to create a draft entry, see our article [Create a Draft Entry](#).

Access the Flavors tab

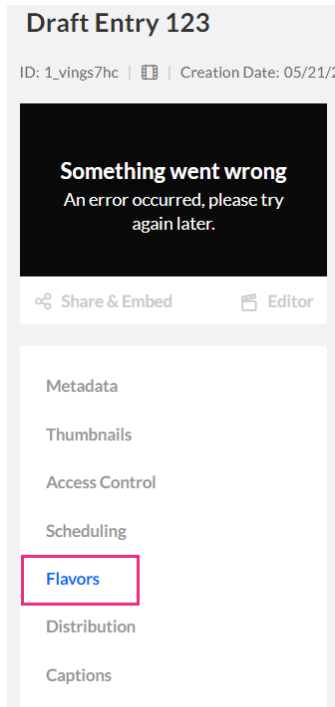

1. Log into the [KMC](#).
2. On the **Entries** page, click on the desired draft entry.

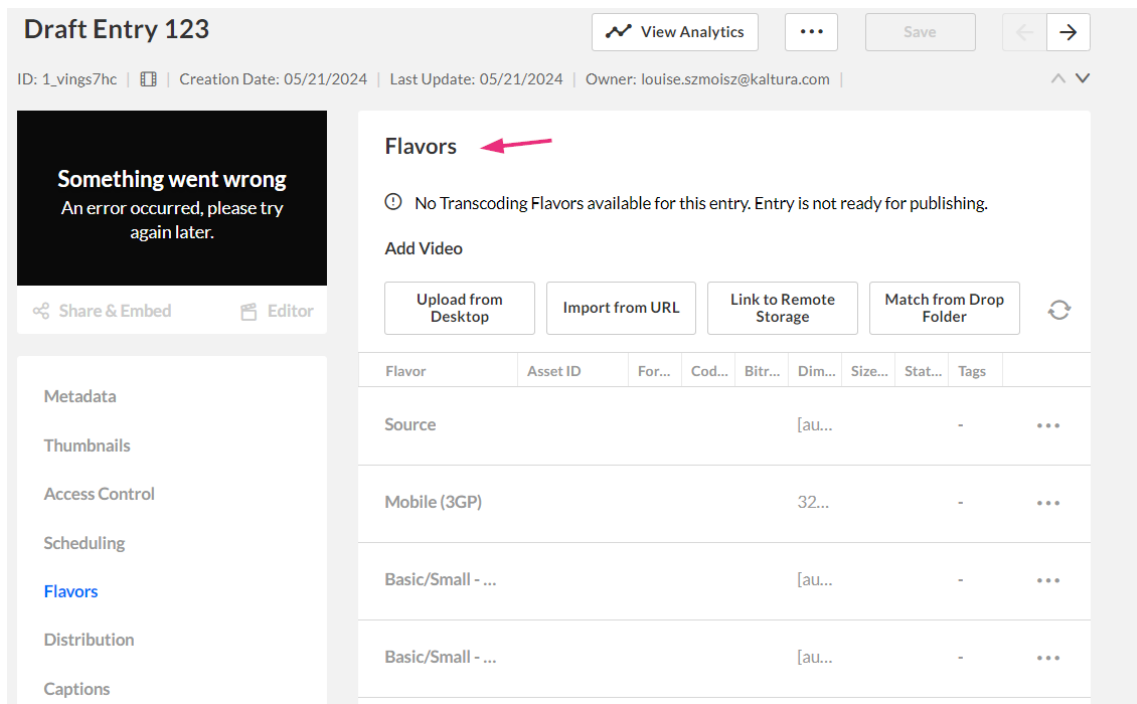

3. The entry details page displays.

4. Click **Flavors**.

5. The Flavors tab displays.

Upload

1. Select the upload method: **Upload from Desktop**, **Import from URL**, or **Match from Drop Folder** (to learn more about these methods, see [Upload Media via KMC](#) and [Drop folders Service for Content Ingestion](#).)

Flavors

ⓘ No Transcoding Flavors available for this entry. Entry is not ready for publishing.

Add Video

2. Select the file to upload.

After you trigger the action, the KMC immediately starts processing the file upload, and a message displays: *Media is being processed*.
