

Introduction to Kaltura Virtual Classroom

Last Modified on 09/30/2024 2:45 pm IDT

 This article is designated for all users.

Kaltura Virtual Classroom is an all-in-one platform built for effective training and learning experiences. Whether you're onboarding new employees, upskilling current staff, or delivering training to customers and partners, Kaltura makes it easy to create, brand, promote, and manage sessions with powerful interactive features and detailed analytics.

The platform's comprehensive classroom management capabilities include the continuous classroom, which maintains all settings, branding, and files from session to session, eliminating repetitive setup and ensuring you're always ready to pick up where you left off. Along with this, Kaltura provides robust analytics for in-depth assessment of participants and sessions, helping you optimize your training programs with ease.

The screenshot shows the Kaltura Virtual Classroom dashboard. At the top left is the Kaltura logo. On the right, there is a '+ Create' button and the user's name 'Patrick Lorimer'. A left sidebar contains navigation links for Home, Team, Analytics, and Integrations. The main content area is titled 'Good morning, Patrick' and features a 'Recently viewed' section with five cards: 'Kaltura Academy' (viewed 40 minutes ago), 'SKO 2023' (viewed 1 day ago), 'Virtual Summit 2023' (viewed 2 days ago), 'Training day' (viewed 3 days ago), and 'Product palooza' (viewed 3 days ago). Below this is an 'All Virtual Classrooms' section showing '4 Classrooms' and a 'Showcase' button. Three classroom cards are visible: 'Managerial Economics' (32/100 Seats), 'Entrepreneurship and Innovation' (32/150 Seats), and 'Strategic Management' (32/150 Seats). Each card includes a 'Showcase' checkmark and a three-dot menu icon.
