

Restore deleted items from the recycle bin in Content Hubs

Last Modified on 07/01/2026 4:27 pm IDT

 This article is designated for all users.

About

You can restore deleted media from the recycle bin as long as it hasn't reached the configured retention period. Restored items return to the location where they were originally published.

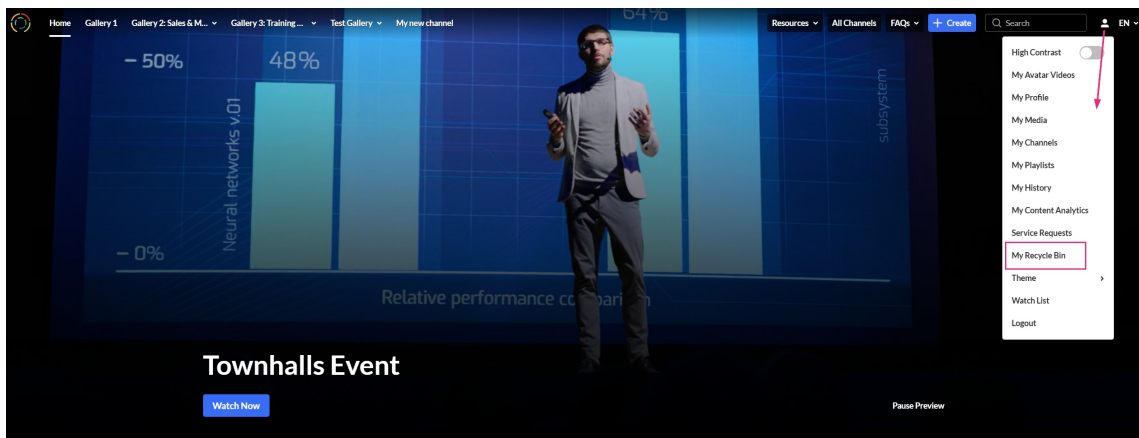

You must have permission to restore media from the recycle bin. Only media you are allowed to access is displayed.

If you haven't enabled the recycle bin feature yet, visit our article [Recycle bin](#).

Restore a single item

1. From the user menu, select **My Recycle Bin**.

2. The **Recycle bin** page displays.

Recycle bin

Items in the recycle bin will be automatically deleted after X days.

Search in Recycle bin 41 Results found • 2 Selected [Restore](#) [Delete](#)

See where the media is published

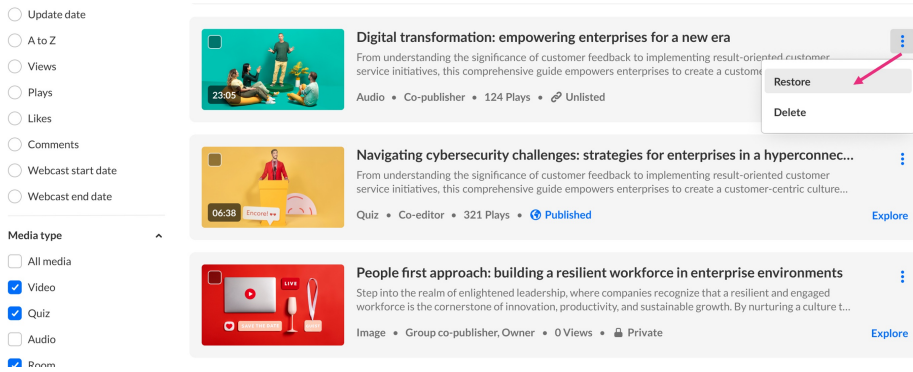

Published

Published in:

1 Channel:

For non-published status (such as private and unlisted) the status won't be clickable, and nothing will happen when hovering over it.

- To restore the item, click the **three dots** to the right of the item and select **Restore**.
-

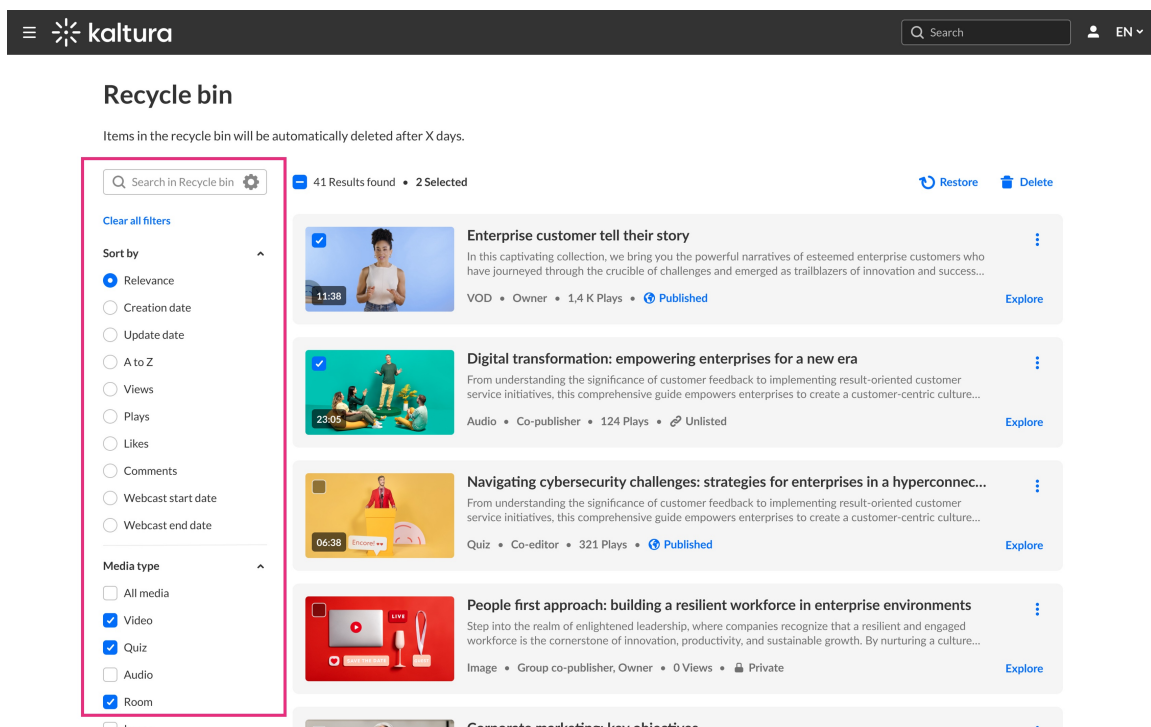

A confirmation message displays.

6. Click **Restore**. The item is recovered and restored to its original place.

Restore multiple items

1. If there are many items in the Recycle Bin, you can use the **Search** and **Filters** function to find the items.

2. Click the boxes next to each media item you want to restore.

3. Click **Restore** at the top of the page.

Recycle bin

Items in the recycle bin will be automatically deleted after X days.
