AICC - User Guide

Content updated: 07/15/2024

This article is designated for all users.

About

This guide will show you how to embed Content Hubs and legacy Video Portal content into an AICC-compliant Learning Management System (LMS).

This guide is for both Content Hubs and legacy Video Portal users.

For technical support, contact Kaltura Customer Care. For all other inquiries, reach out to your Customer Success Manager.

Prerequisite

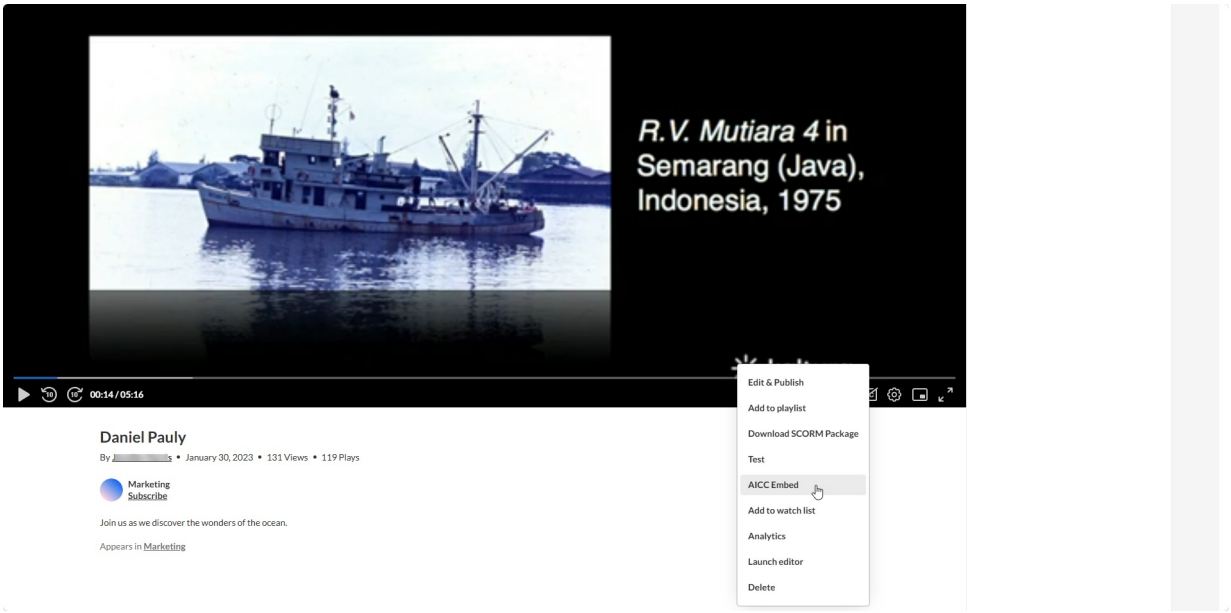

Before getting started, make sure you have a private channel set up in your Content Hubs or legacy Video Portal with the content you want to embed. To learn more about setting up channels, visit our article Create a new channel.

Copy the embed link from Content Hubs content

1. From the three dots actions menu, choose the AICC Embed option.

Copyright © 2025 Kaltura Inc. All Rights Reserved. Designated trademarks and brands are the property of their respective owners. Use of this document constitutes acceptance of the Kaltura Terms of Use and Privacy Policy.

The Share screen displays.

2. Copy and share the AICC embed URL.
   If your admin has enabled the ability to download the AICC wrapper and select a player, your screen will resemble the following:

Copyright © 2025 Kaltura Inc. All Rights Reserved. Designated trademarks and brands are the property of their respective owners. Use of this document constitutes acceptance of the Kaltura Terms of Use and Privacy Policy.

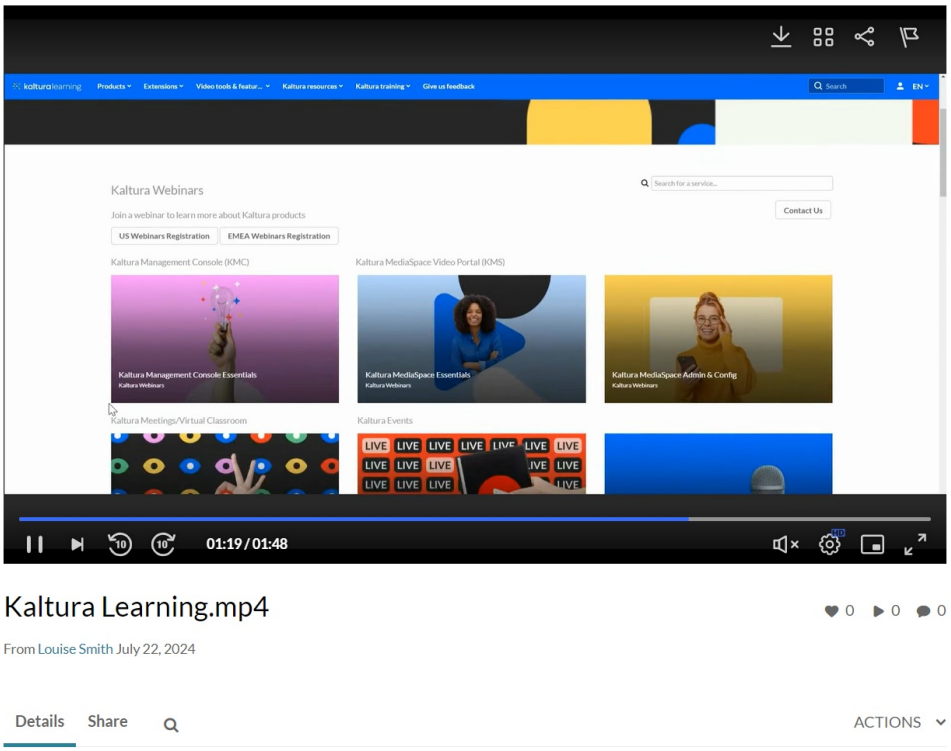

3. Click **Download AICC wrapper** to download the AICC wrapper.

4. Click to select desired player.

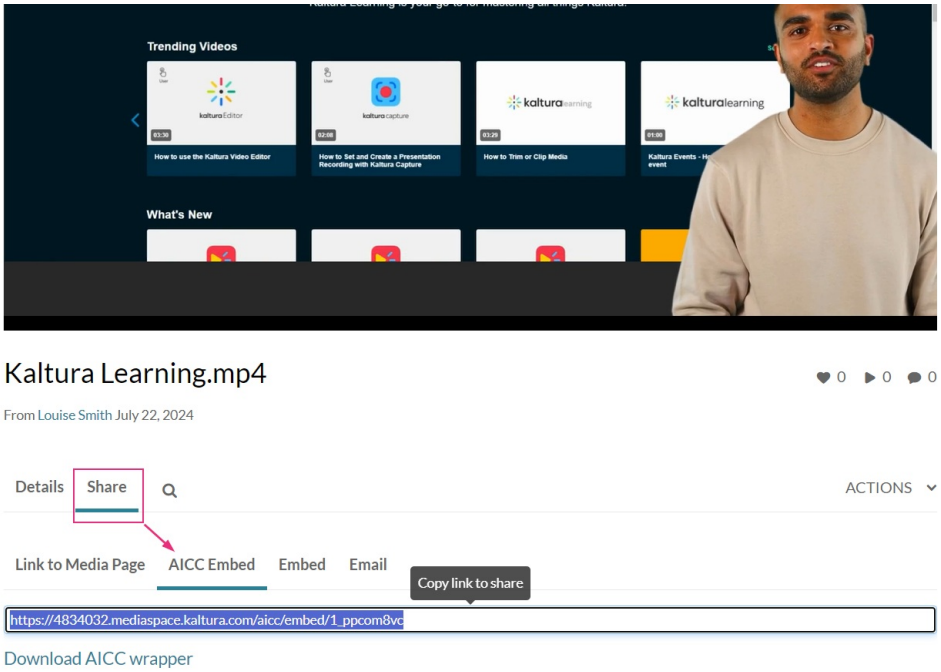

Copy the embed link from legacy Video Portal content

1. On the entry page click on the **Share** tab.

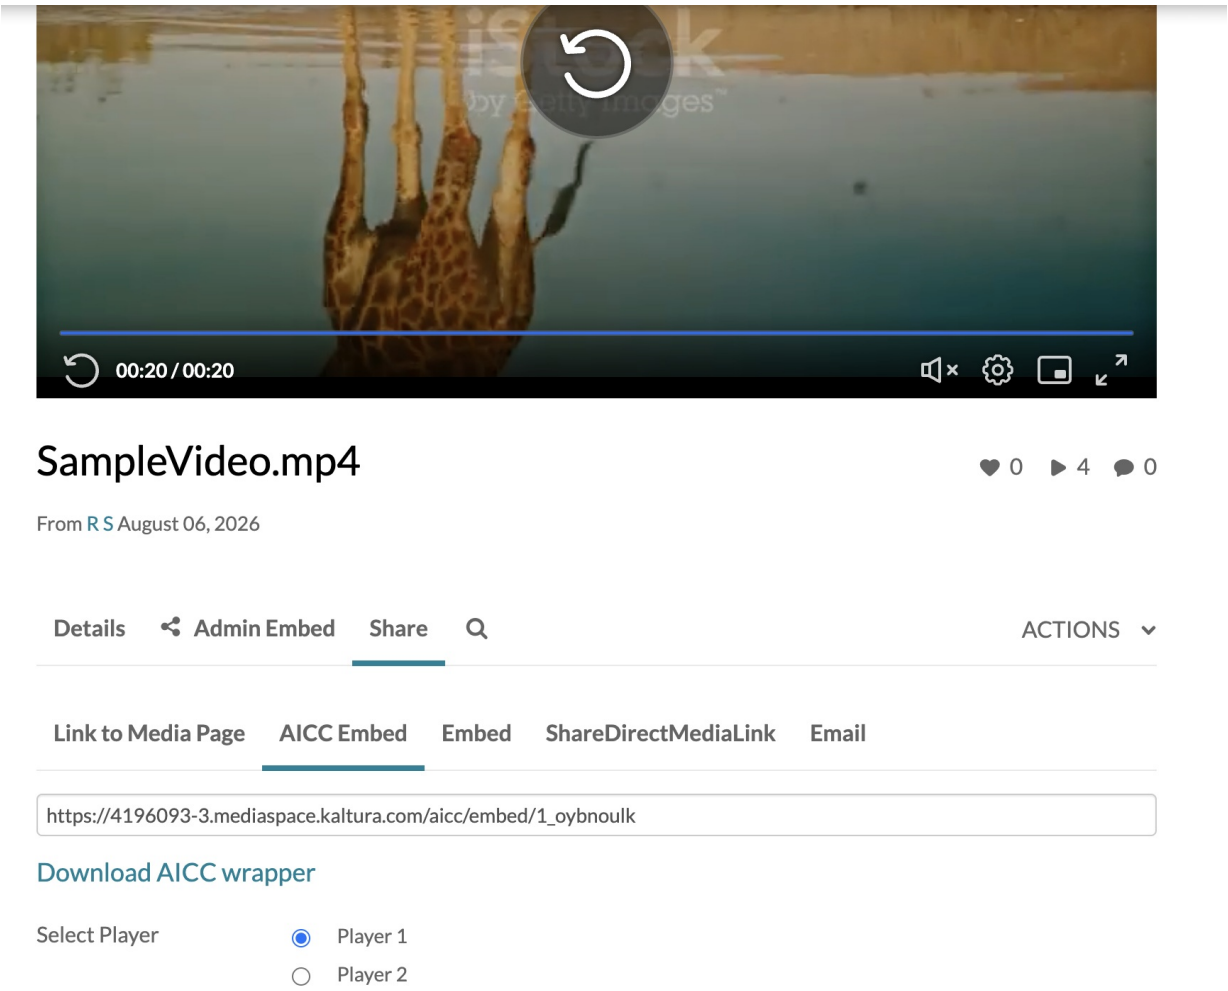

2. Click on the **AICC Embed** tab (the tab's name is set by your administrator).

Copyright © 2025 Kaltura Inc. All Rights Reserved. Designated trademarks and brands are the property of their respective owners. Use of this document constitutes acceptance of the Kaltura Terms of Use and Privacy Policy.

3. Copy the URL. This URL includes the current Video Portal instance and the entry ID required to link back to the relevant section in the legacy Video Portal.
   If your admin has enabled the ability to download the AICC wrapper and select a player, your screen will resemble the following:

Copyright © 2025 Kaltura Inc. All Rights Reserved. Designated trademarks and brands are the property of their respective owners. Use of this document constitutes acceptance of the Kaltura Terms of Use and Privacy Policy.

4. Click **Download AICC wrapper** to download the AICC wrapper.
5. Click to select desired player.

If the AICC embed tab is not displayed, contact your Kaltura Account Representative. They need to set **enabledContextAccessRestriction** to 'No' in the Configuration Management section of legacy Video Portal.

Embed content into an AICC-compliant LMS

Each AICC-compliant LMS is different and the process for embedding content varies depending on the product. Following is a brief overview of how to do it using Saba Cloud.

Import content into Saba Cloud

Copyright © 2025 Kaltura Inc. All Rights Reserved. Designated trademarks and brands are the property of their respective owners. Use of this document constitutes acceptance of the Kaltura Terms of Use and Privacy Policy.

1. Log into Saba Cloud.
2. From the upper left-hand menu, choose **Admin**.
3. Click on **Learning Admin**.
4. Click on **Manage Content**.
5. In the **Content Library**, click on desired folder and click Import.
6. Type name and **Security Domain**.
7. Choose AICC from **Content Format**.
8. Type Player Template.
9. Select **All Devices** from Mobile Device Compatibility.
10. Select **Video** from Content Type.
11. Type version number.
12. Expiration Date.
13. Click **Use as Evaluation** if desired.
14. Click **Next**.
15. Paste your AICC link into the URL field.
16. Click **Import**.

Add content to a class in Saba Cloud

1. Return to the homepage of Saba Cloud.
2. From the upper left-hand menu, choose **Admin**.
3. Click on **Learning Admin**.
4. Click on **Manage Classes**.
5. In the **Classes** section, search for and click on desired class.
6. Click on the **Activities** tab.
7. Click **Add Activities** > **Attach Content**.
8. Click **Browse**.
9. Click on the media that you uploaded.
10. Click **Add Activities**.
11. Click **Save**.
12. Click **Save and Publish**.
13. Check all the boxes in the push activities pop-up window and click **Save** to make this item available to existing users.
