

Channel History Summary - Admin Guide

Last Modified on 09/11/2024 6:52 pm IDT

 This article is designated for administrators.

About

The **Channelhistorysummary** module provides a dashboard view for end-users to see videos they've watched, started watching, or haven't watched yet within a channel. This guide will walk you through logging into the Configuration Management section of the video portal and setting up the module.

 This module is for both Theming and non-Theming users.

 For technical support, contact Kaltura Customer Care. For all other inquiries, reach out to your Customer Success Manager.

Configure

1. Log into the Configuration Management console by going to your video portal URL and adding `/admin` at the end.
2. Enter your Kaltura user ID and password.
3. Click **Sign In**.

The **Configuration Management** console displays.

The screenshot shows the Configuration Management console interface. At the top, there are navigation tabs: MANAGE CONFIGURATION, MANAGE USERS, KNOWLEDGE BASE, CLEAR THE CACHE, GO TO SITE, and LOGOUT. The main heading is "Configuration Management". On the left, there is a "Developer Tools" sidebar with a search box and a list of categories: Global, Application (selected), Auth, Categories, Channels, Client, Debug, Gallery, Header, Languages, Metadata, Moderation, Navigation, Player, Security, SharedRepositories, Widgets, Search, and MediaCollaboration. The main content area is titled "Application" and contains several configuration items:

Property	Value	Description
instanceId	1756361.mediaspace.kaltura.com	Unique string to identify that installation of mediaspace. This value can be set during installation only.
privacyContext	MediaSpace	String used to be set as privacy context on root category. This value can be set during installation only.
userRoleProfile	3503841	Metadata Profile ID for user's role per KMS installation instance
title	Kaltura MediaSpace	What is your MediaSpace website title? The website title is displayed in the browser's title bar and usually is displayed in search engine results. Page titles consist of the name of the currently loaded media and the website title. For example, if a page has a video called 'My Video' and 'MediaSpace' is the website title, the page title is: 'My Video - MediaSpace'
footer	MediaSpace™ <a href=http://corp	What is your MediaSpace footer text? default is: MediaSpace video portal by Kaltura
forceIECompatibilityMode	No	Should MediaSpace force IE to use the latest engine when Compatibility Mode is enabled? By default, if compatibility mode is enabled, Internet Explorer renders the page with IE7's engine. Turning on this option forces Internet Explorer to use the latest rendering engine. For more details, please visit this link .
theme		What is the name of your custom MediaSpace theme?

4. In the list of configurable items on the left of your screen, locate and click on

Channelhistorysummary. (The item will be crossed out because it's disabled by default.)

⚠ If this module is not in your video portal application, please get in touch with your Kaltura representative to inquire about adding it.

The **Channelhistorysummary** window displays.

Channelhistorysummary

Module Info	
name	Channel History Summary
description	Add a tab to the channel view page with the summary of media view history
version	1.1.1

enabled Enable the Channelhistorysummary module.

allowedRole Select the minimal role for users that can enable the history summary tab for their channels.

tabName The name of the tab in the channel view page that shows media view history summary.

summaryTitleText The title of the summary section. Leave it empty to have no title.

announcementTitleText The title of the announcement panel. Leave it empty to have no title.

The **Module Info** box displays the module name, description (what enabling this module allows users to do), and version number.

5. Configure the following:

enabled - Set to 'Yes' to enable the module.

allowedRole - Choose the user roles that are allowed to enable the channelhistorysummary tab. The options are as follows:

- privateOnlyRole
- adminRole
- unmoderatedAdminRole
- Specified Users/Groups

tabName - Type in a tab name within the video portal channel.

summaryTitleText - Type in a summary title name within the video portal channel.

announcementTitleText - Type in an announcement title name within the video

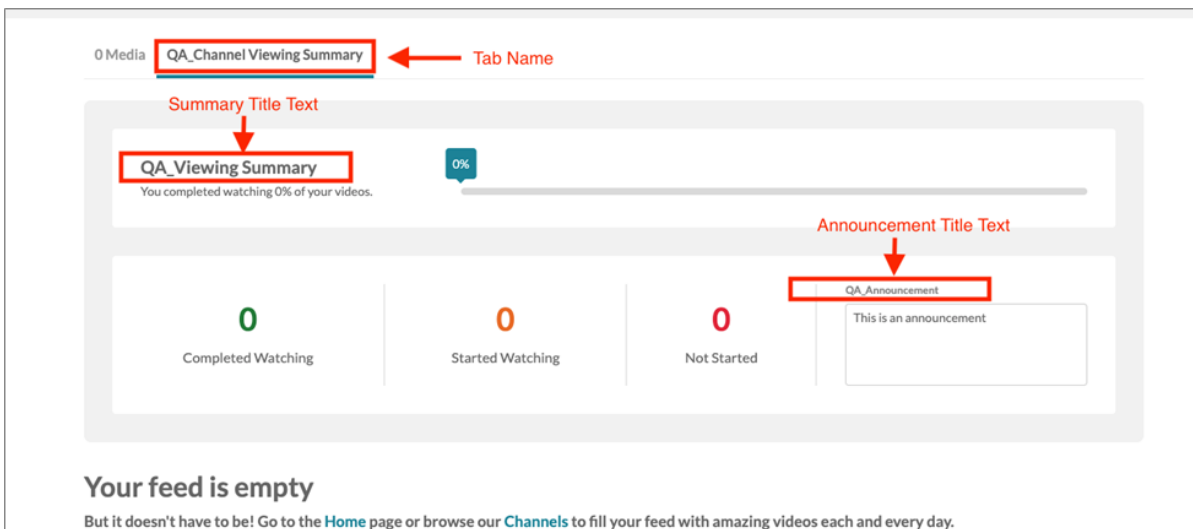

portal channel.

6. Click **Save**.

You receive a notice that your configuration for **Channelhistorysummary** was saved and the cache was cleared.

User experience

Once enabled and configured, the **Channelhistorysummary** tab displays to the end-user as shown below:

Additional configurations shown in the image above are accomplished in the **resumeplaybackOptions** of the [History module](#) and the [Channeltheme module](#).
