

# Channel History Summary - Admin Guide

Last Modified on 06/04/2026 9:18 am IDT

 This article is designated for administrators.

## About

The **Channelhistorysummary** module provides a dashboard view for end-users to see videos they've watched, started watching, or haven't watched yet within a channel. This guide will walk you through logging into the Configuration Management section of the Video Portal and setting up the module.

This module is for both Theming and non-Theming users.

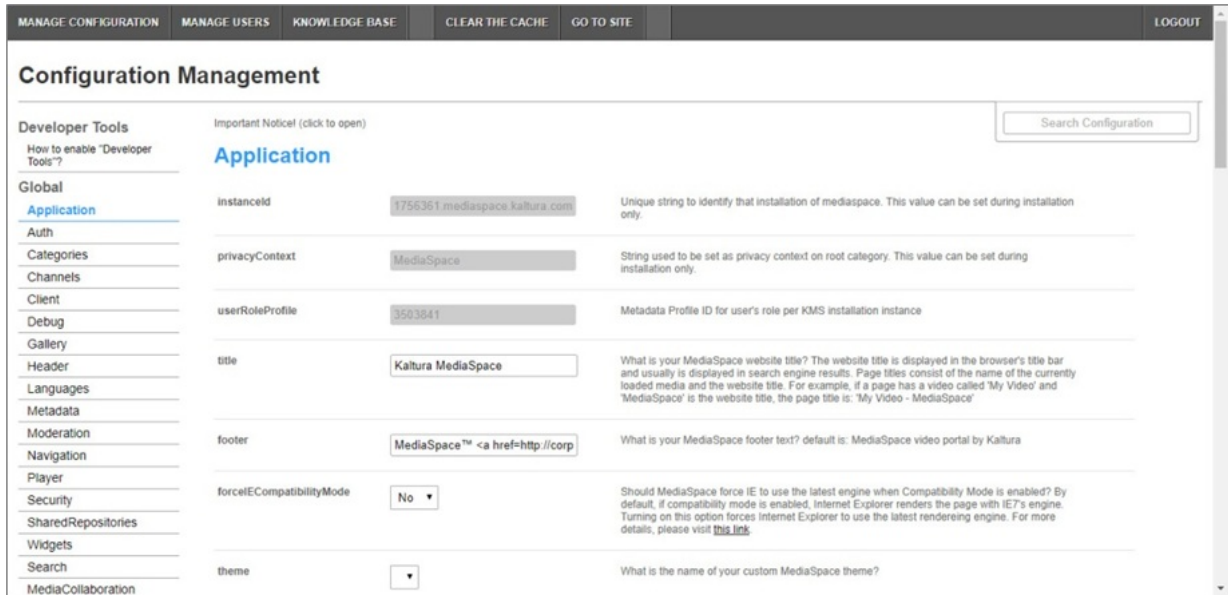

For technical support, contact Kaltura Customer Care. For all other inquiries, reach out to your Customer Success Manager.

## Configure

1. Log into the Configuration Management console by going to your Video Portal URL and adding */admin* at the end.
2. Enter your Kaltura user ID and password.
3. Click **Sign In**.

The **Configuration Management** console displays.

**Application**

Search Configuration

instanceId: 1756361.mediaspace.kaltura.com  
Unique string to identify that installation of mediaspace. This value can be set during installation only.

privacyContext: MediaSpace  
String used to be set as privacy context on root category. This value can be set during installation only.

userRoleProfile: 3503841  
Metadata Profile ID for user's role per KMS installation instance

title: Kaltura MediaSpace  
What is your MediaSpace website title? The website title is displayed in the browser's title bar and usually is displayed in search engine results. Page titles consist of the name of the currently loaded media and the website title. For example, if a page has a video called 'My Video' and 'MediaSpace' is the website title, the page title is: 'My Video - MediaSpace'

footer: MediaSpace™ <a href=http://corp  
What is your MediaSpace footer text? default is: MediaSpace video portal by Kaltura

forceIECompatibilityMode: No  
Should MediaSpace force IE to use the latest engine when Compatibility Mode is enabled? By default, if compatibility mode is enabled, Internet Explorer renders the page with IE7's engine. Turning on this option forces Internet Explorer to use the latest rendering engine. For more details, please visit [this link](#).

theme:   
What is the name of your custom MediaSpace theme?

4. In the list of configurable items on the left of your screen, locate and click on **Channelhistorysummary**. (The item will be crossed out because it's disabled by default.)

□ If this module is not in your Video Portal application, please get in touch with your Kaltura representative to inquire about adding it.

The **Channelhistorysummary** window displays.

Module Info

name: Channel History Summary

description: Add a tab to the channel view page with the summary of media view history

version: 1.1.1

enabled: Yes  
Enable the Channelhistorysummary module.

allowedRole: privateOnlyRole  
Select the minimal role for users that can enable the history summary tab for their channels.

tabName: Channel Viewing Summary  
The name of the tab in the channel view page that shows media view history summary.

summaryTitleText: Viewing Summary  
The title of the summary section. Leave it empty to have no title.

announcementTitleText: Announcement  
The title of the announcement panel. Leave it empty to have no title.

Save

The **Module Info** box displays the module name, description (what enabling this module allows users to do), and version number.

5. Configure the following:

**enabled** - Set to 'Yes' to enable the module.

**allowedRole** - Choose the user roles that are allowed to enable the channelhistorysummary tab. The options are as follows:

- privateOnlyRole
- adminRole
- unmoderatedAdminRole
- Specified Users/Groups

**tabName** - Type in a tab name within the Video Portal channel.

**summaryTitleText** - Type in a summary title name within the Video Portal channel.

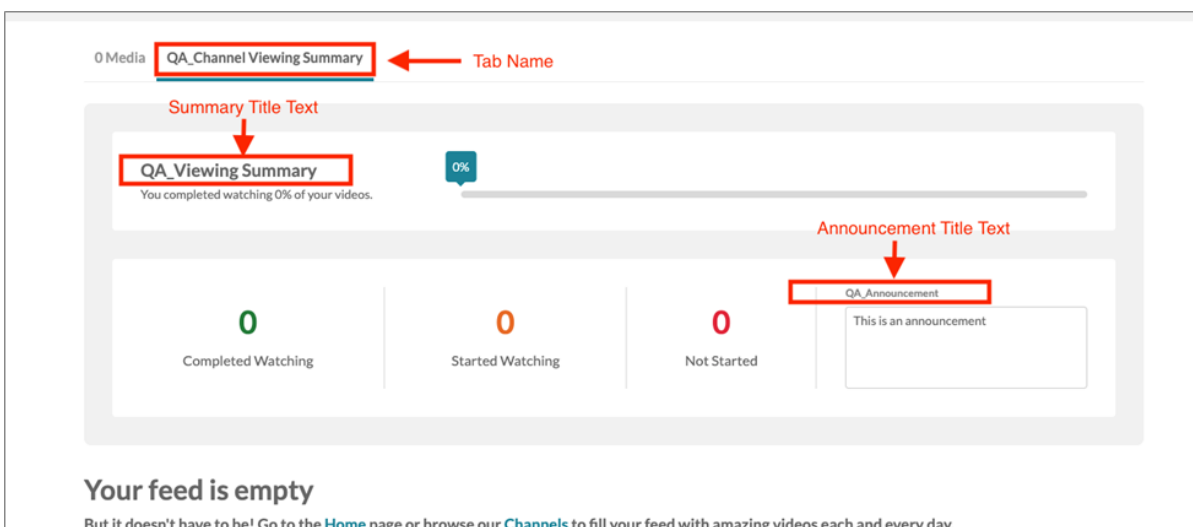

**announcementTitleText** - Type in an announcement title name within the Video Portal channel.

6. Click **Save**.

You receive a notice that your configuration for **Channelhistorysummary** was saved and the cache was cleared.

## User experience

Once enabled and configured, the **Channelhistorysummary tab** displays to the end-user as shown below:

Additional configurations shown in the image above are accomplished in the **resumeplaybackOptions** of the [History](#) module and the [Channeltheme](#) module.
