About

Media owners can transfer ownership to someone else, which is useful if the owner is leaving the organization or switching responsibilities. They can also add co-editors, co-publishers, and co-viewers. For more information, see our article [Add / Remove collaborators](#).

 The [Mediacollaboration module](#) must be enabled by your administrator for this functionality to work.

 The instructions below are for [Theming](#) users. If you don't have Theming enabled, please refer to our article [Change media ownership & add collaborators](#).
