

Schedule media in Moodle

Last Modified on 06/12/2025 1:29 pm IDT

About

Scheduling media in your LMS allows you to control when your content becomes viewable to your audience. In this guide, we'll walk you through the steps to set up specific start and end times for your media, ensuring it appears exactly when you want it to. Whether you're planning a future release or managing past content, scheduling helps you keep your video portal organized and timely.

Your administrator must enable the scheduling module for this feature to work.

Access the Publishing schedule settings

1. Access the edit media page.

The edit media page displays with the **Details** tab open by default.
