Required modules for the Kaltura LMS Extensions integration in Brightspace

Content updated: 09/06/2024

This article is designated for administrators.

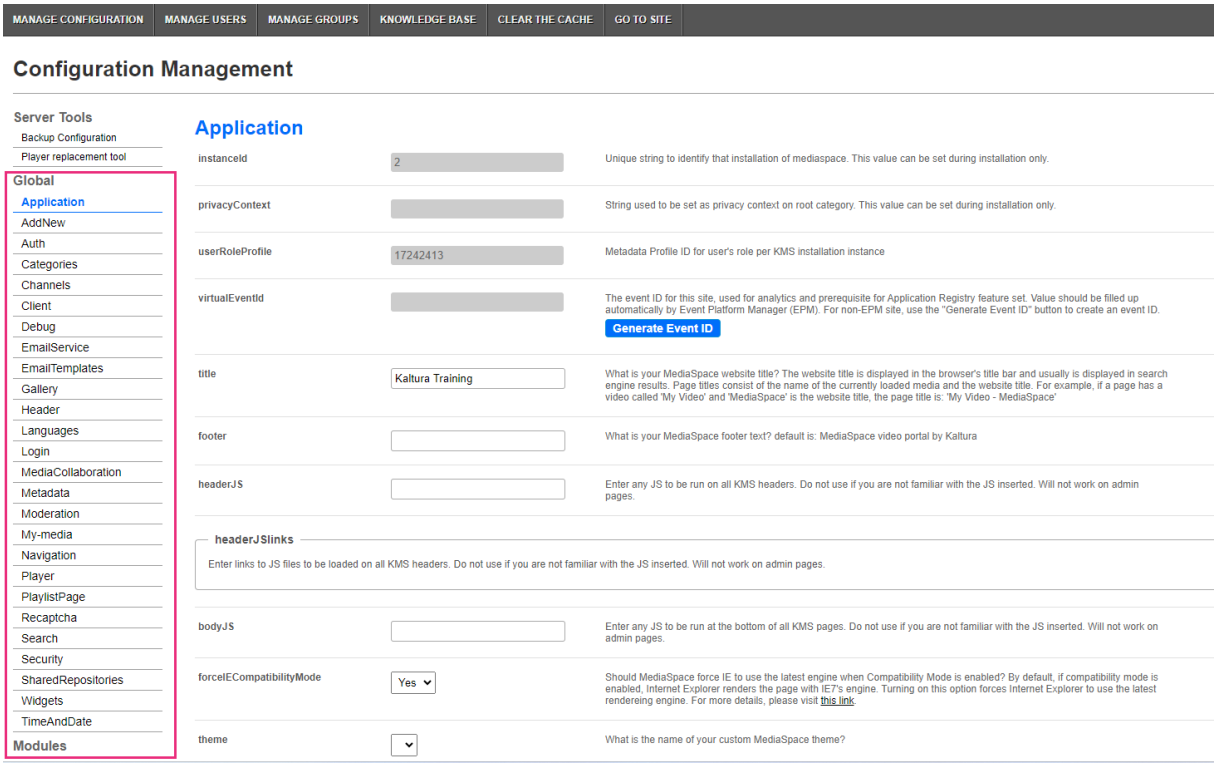

About

The following modules are required for configuring the **Kaltura LMS Extensions integration in Brightspace**.

Access the modules

Go to your Configuration Management console. The modules are listed in the left panel.

Your Configuration Management Console may show modules and configuration fields not listed here, some of which may be disabled. Please avoid modifying or enabling any disabled modules without first consulting your Kaltura representative.
