About

Playlists are a great tool for organizing your content, such as videos, audio files and even documents.

 The instructions below are for non-Theming users. If you have [Theming](#) enabled, please refer to our article [Create a playlist - Theming](#).

 If you can't create or add media to a playlist, ask your administrator to give you the required permission.

Watch the video tutorial below to learn how to create a playlist!

Create a new playlist

1. Access the [Media Gallery](#).

From the [hamburger](#) menu, select **Create channel playlist**.

Add items to your playlist

 To add Kaltura Video Quizzes and documents to a playlist, ensure your main playlist player is set to a **v7 player**.

1. Choose the media you want for your playlist.

You can use the search function to find the media you want to add, or use the drop-down menu. The menu includes the following two options:

- **My Media** - Select this to display media from your [My Media](#) library.
- **Media Gallery** - Select this to display media that is available in the Media Gallery.
