

Create a playlist in Canvas - Theming

Last Modified on 06/10/2025 6:14 pm IDT

 This article is designated for faculty members.

About

Playlists are a great tool for organizing your content, such as videos, audio files and even documents.

The instructions below are for [Theming](#) users. If you don't have Theming enabled, please refer to our article 'Create a playlist'.

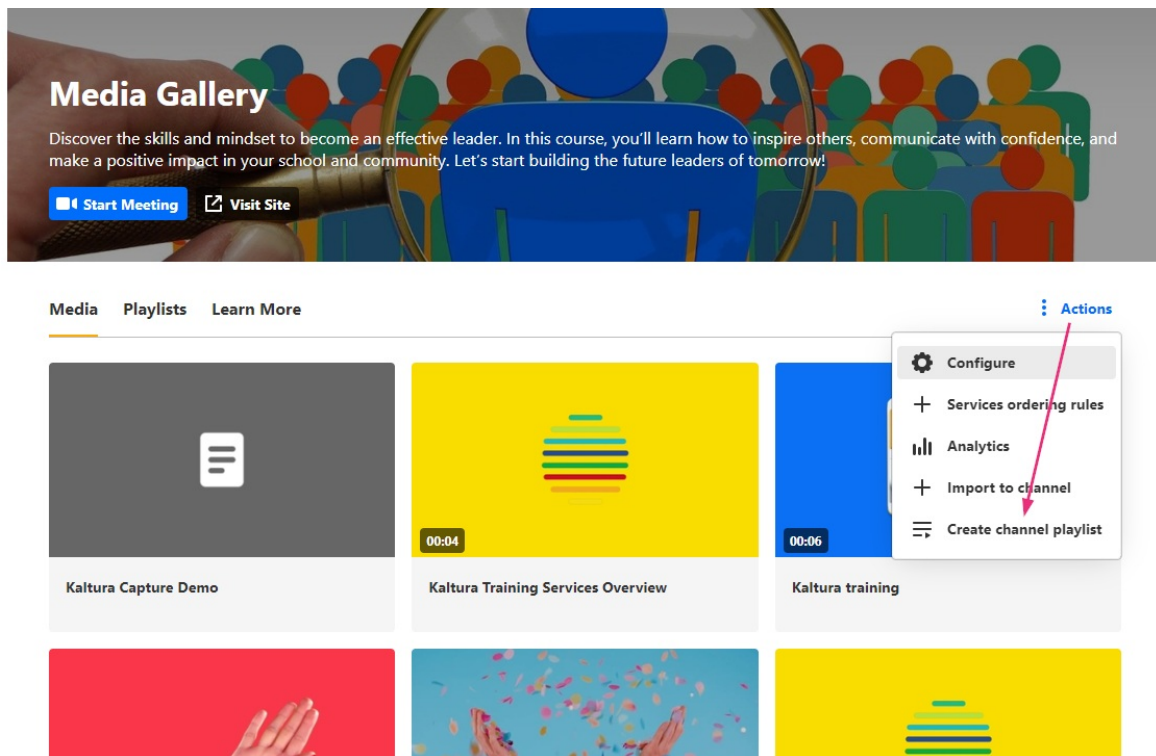

If you can't create or add media to a playlist, ask your administrator to give you the required permission.

Create a new playlist

1. Access the Media Gallery.

From the **Actions** menu, select **Create channel playlist**.

The **Create Playlist** page displays.

Add items to your playlist

To add Kaltura Video Quizzes and documents to a playlist, ensure your main playlist player is set to a **v7 player**.

1. Choose the media you want for your playlist.

You can use the search function to find the media you want to add, or use the drop-down menu. The menu includes the following two options:

- **My Media** - Select this to display media from your [My Media](#) library.
- **Media Gallery** - Select this to display media that is available in the Media Gallery.

2. Click the add button(s) next to the items you want to add.

The selected items show a check symbol  and move into the **My Playlist** column on the right. (If you change your mind and don't want that item, just click the check symbol  to remove it.)
