About

During a DIY live broadcast session, the meeting room displays a variety of different figures. You may be wondering, "What do all these numbers mean?" We are here to help!

- (A) Number of users watching the live feed (using the Kaltura Player)
- (B) Aggregated number of users inside the KME Studio room and watching the live feed (using the Kaltura Player)
- (C) Number of users watching the live feed (using the Kaltura Player)
- (D) Number of room users who are not on stage
- (E) Aggregated number of users inside the KME Studio room and watching the live feed (using the Kaltura Player)
