About

Channel managers and moderators can approve or reject content when moderation is required before media is displayed, ensuring that all content aligns with community standards before going live.

> ✅ For more information about channel moderation, see our article Channel moderation - Theming.

> 💡 To use channel moderation, both the channelThemingUI module and the channelModeration module must be enabled.

Enable channel moderation

1. Select **My Channels** from the user menu

The My Channels page displays.
