

## See all content published by one creator

Last Modified on 11/11/2024 7:18 pm IST

 This article is designated for all users.

### About

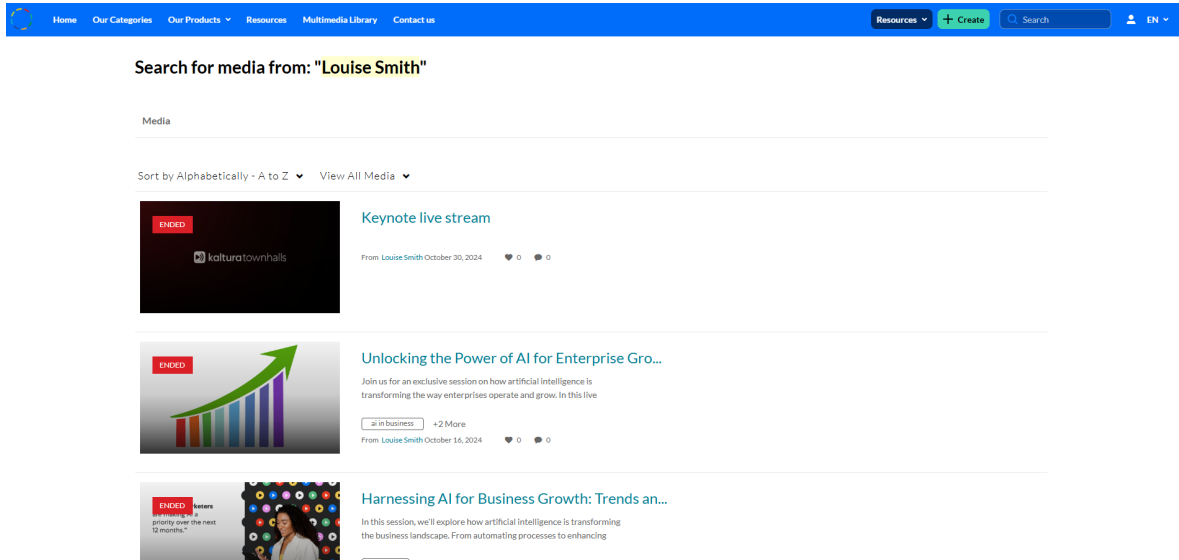

If you're interested in exploring more content from the same creator while watching a video, reading a document, or viewing any media, it's easy to do.

### View content

1. Click the creator's name (located under the title of the media).

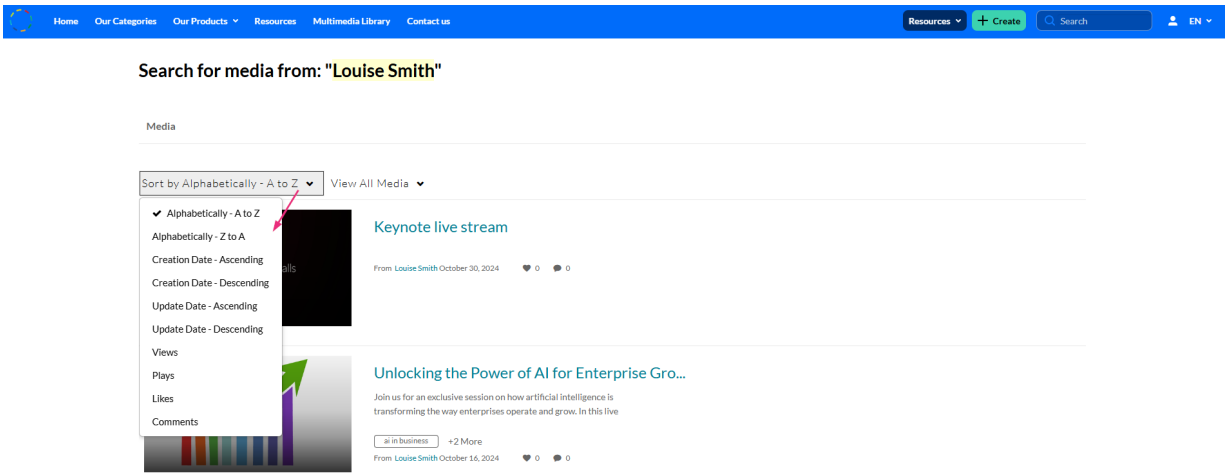

A page opens displaying all the content published by that creator.

2. Simply click on a media thumbnail to view that item.

## Sort the content

Use the 'Sort By' field to sort the media based on different criteria, such as date or number of views.

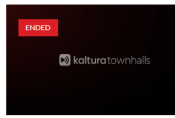

Sort by 'Media Type' to view only specific types of content, like video or audio.

### Search for media from: "Louise Smith"
