How to remove cue points via API

Last Modified on 08/05/2025 6:23 pm IDT

This article is designated for administrators.

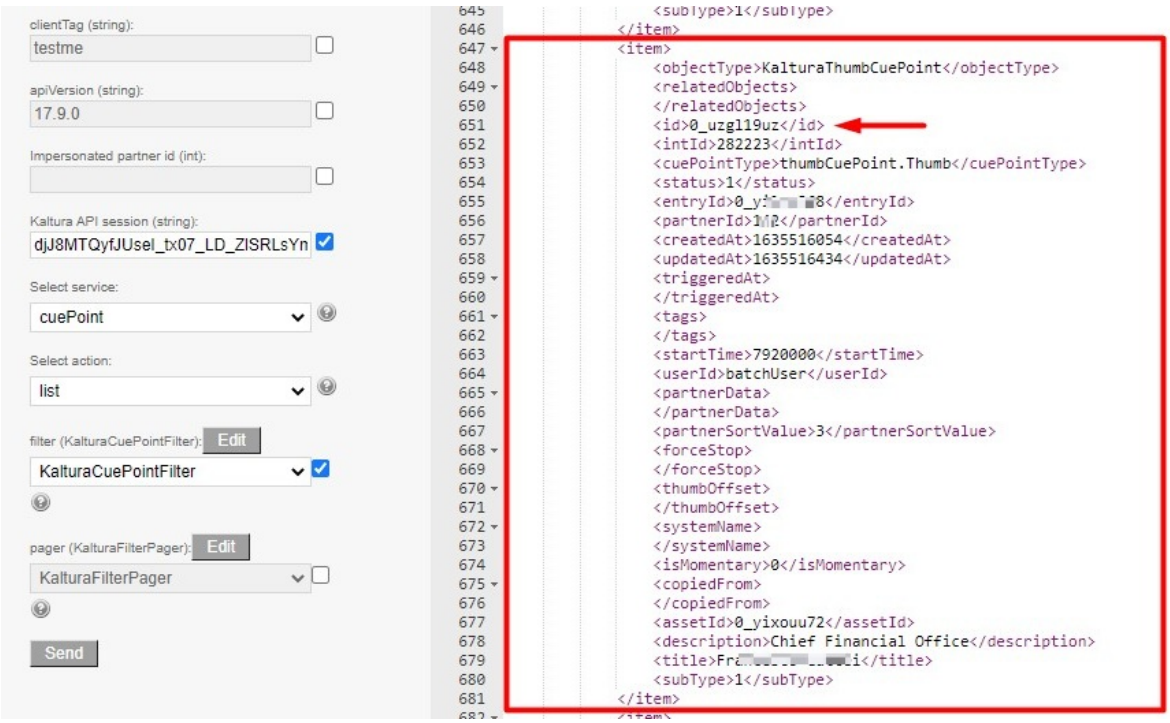

The following guide will walk you through how to delete Chapters/Cue points of an entry.

1. Go to the API console at https://developer.kaltura.com/console/ (Sign In) or http://www.kaltura.com/api_v3/testme.
2. Generate a KS (relevant when Testme Console is used)
   See How to Start a Kaltura Session using the TestMe Console .
3. **Session Service**: cuePoint
4. **action**: list
5. Click on the **Edit** next to "**filter (KalturaCuePointFilter)**:" and insert the entry ID into the '**entryIdEqual**' field.
6. Click **Send**.

7. Locate the Chapter item you wish to delete by its cue point "startTime" parameter (in milliseconds) and copy its ID.
