 For Video Quiz translations, please see the [interactive video quizzes localization guide](#).

Changing your site's language

Users can dynamically change the language for their specific instance. The selected language is saved in a persistent cookie on the browser and remains active until the cookie is deleted.

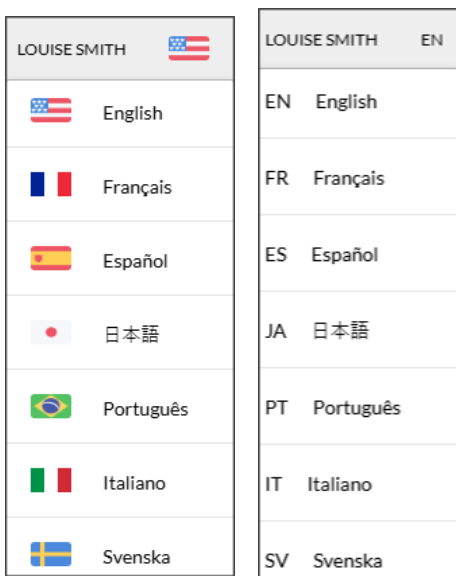

To update the language, select your preferred option from the drop-down menu in the top-right navigation bar.

Theming

Non-Theming

There are two types of display possible:

 Administrators can create additional languages and customize existing languages. See the [Languages module article](#) for additional information.
