'Add New' menu in Blackboard (legacy)

Content updated: 01/12/2025

This article is designated for all users.

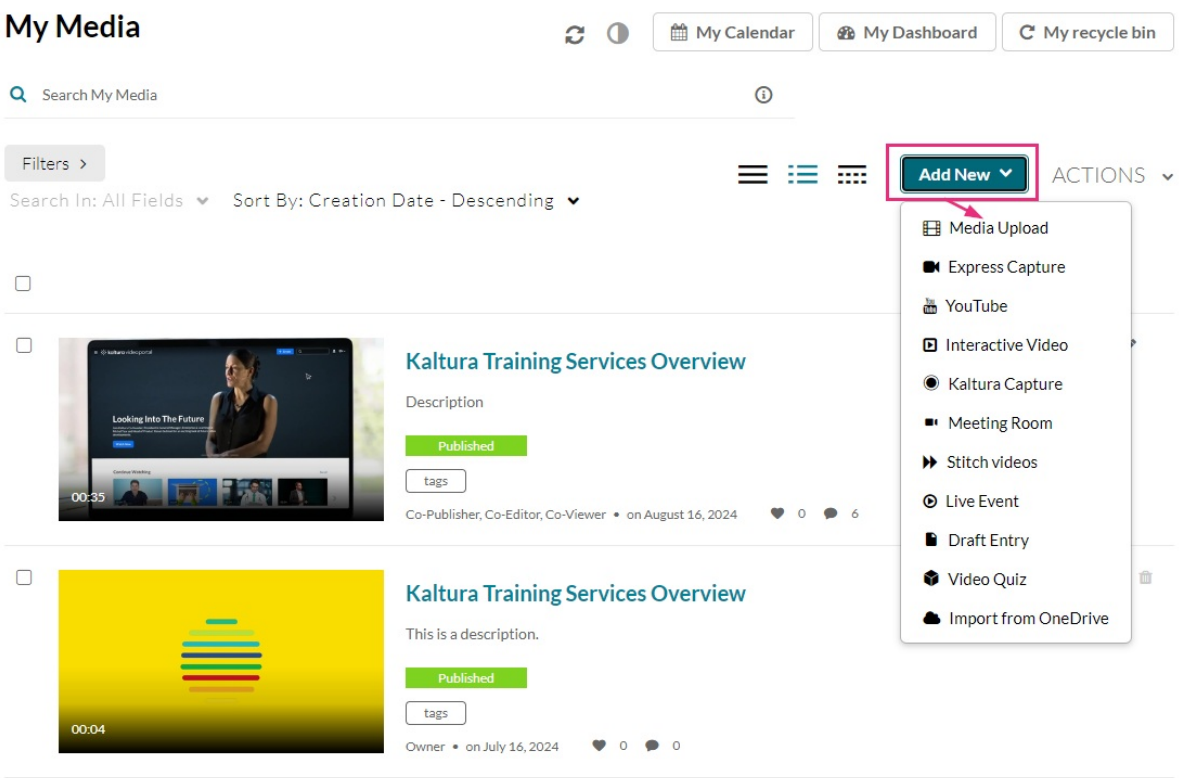

About

Use the **Add New** menu to easily create a variety of new media from scratch. Once created, your new content is automatically added to your My Media library, ready for immediate use and organization.

These instructions apply to the legacy **LMS Video** integration. If you're using LMS Video with Theming, please refer to the LMS Rich Media Extensions category.

Access the menu

Navigate to your My Media page and click the **Add New** button at the top right to see the list of options.

Depending on what is enabled on your application, your Add New menu may look slightly different to the one shown in this article. If there is an option missing, please contact your Kaltura administrator to discuss how to enable:
