About

Use the **Add New** menu to easily create a variety of new media from scratch. Once created, your new content is automatically added to your [My Media](#) library, ready for immediate use and organization.

Access the menu

Navigate to your [My Media](#) page and click the **Add New** button at the top right to see the list of options.

The screenshot displays the 'My Media' page in Blackboard. At the top right, there are navigation buttons for 'My Calendar', 'My Dashboard', and 'My recycle bin'. Below these is a search bar labeled 'Search My Media'. A 'Filters' button is visible on the left. The main content area shows a list of media items, with the first item titled 'Kaltura Training Services Overview' and a video thumbnail. To the right of the list, the 'Add New' button is highlighted with a red box, and its dropdown menu is open, showing various options: Media Upload, Express Capture, YouTube, Interactive Video, Kaltura Capture, Meeting Room, Stitch videos, Live Event, Draft Entry, Video Quiz, and Import from OneDrive.

Depending on what is enabled on your application, your Add New menu may look slightly different to the one shown in this article. If there is an option missing, please contact your Kaltura administrator to discuss how to enable.
