

# Upload media in Blackboard

Last Modified on 05/22/2025 3:07 pm IDT

🖄 This article is designated for all users.

### About

Uploading media from your desktop is simple and straightforward. Just follow the steps below to easily share your videos, audio files, and images.

### •

Once you've uploaded your videos, you can set up the player to play them the way you want by adjusting the look, features, and controls to match your style and needs. To learn more, visit our article Introduction to Kaltura's V7 player.

### i

The instructions below are for non-Theming users. If you have Theming enabled, please refer to our article Upload media - Theming.

## Upload media

 On your My Media page, click the Add New button to the right and select Media Upload.

#### 6

Depending on what is enabled on your application, your Add New menu may look slightly different. If there is an option missing, please contact your Kaltura administrator to discuss how to enable it.

The Upload Media page displays.

2. Drag and drop your file or select Choose a file to upload.

#### Upload Media

Drag & Drop a file here
or
Choose a file to upload
All common video, audio and image formats in all resolutions are accepted.
Back

 If you clicked Choose a file to upload, select a file from your computer and click Open.

💿 Open							×

### Publish your media

You can publish your media directly from the upload page.

1. Click the **Published** option (you must first click **Save**).

Publishing Schedule:	<ul> <li>Always O Specific Time Frame</li> <li>(The time range in which this media will be visible to users in published channels/categories)</li> </ul>
	Complete all the required fields and save the entry before you can select to publish it to categories or channels. Note that the upload process needs to complete successfully for the "Published" option to be enabled.
Publishing Status:	<ul> <li>Private - Media page will be visible to the content owner only.</li> <li>Published - Media page will be visible to users according to entitlements based on the selected destinations in the options below.</li> </ul>
	Save Go To Media Go To My Media

An additional section displays.

2. Choose from the options available where you want to publish the media.

Publishing Status:	O Private - Media page will be visible to the content owner only.						
	Published - Media page will be visible to users according to entitlements based on the selected destinations in the options below.						
	Publish in Gallery						
	Shared Repository Kaltura Certification Kaltura Training Course LS Program						
	Your changes have been saved.						
	Save Go To Media Go To My Media						

3. After choosing an option, click **Save**.

You can immediately see where the media was published.

	Publish in Gallery
	□ Shared Repository □ Kaltura Certification □ Kaltura Training Course ☑ LS Program Published in Kaltura Training: 1 Media Gallery: LS
	Your changes have been saved.
