 This article is designated for all users.

### About

Keeping your media library organized and up-to-date is important. Over time, you may find that certain videos or media entries need to be updated or removed to maintain a high-quality learning experience.

This guide will show you how to easily delete outdated or unnecessary media entries from your My Media or Media Gallery within your LMS.

And if you ever need to retrieve a deleted item, you can restore it from the Recycle bin (if this feature enabled). Check out our article *Restore items from the Recycle bin* to learn more.

When trying to delete **published** media, if the trash icon is greyed out, it means your administrator hasn't enabled this option.

These instructions apply to the legacy **LMS Video** integration. If you're using LMS Video with Theming, please refer to the [LMS Rich Media Extensions category](#).

### From My Media

1. Access **My Media**.

3. Click **Delete**.

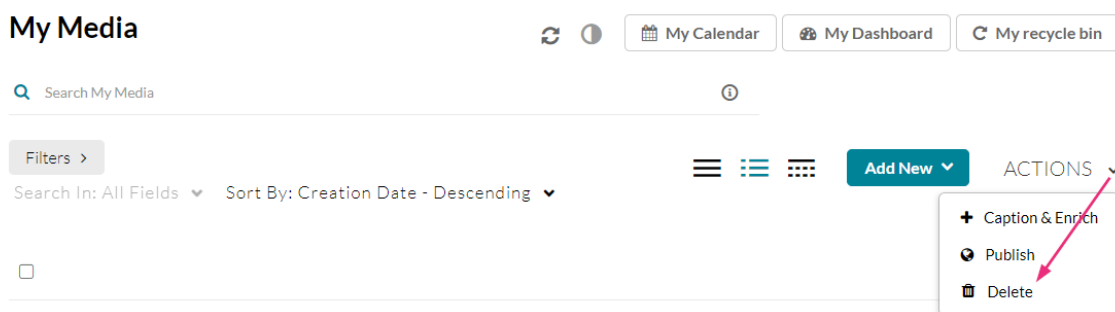

### Bulk action

1. To delete more than one item on the My Media page, check the boxes next to the desired items.

The screenshot shows the 'My Media' interface with two items listed. Each item has a checkbox on the left that is checked. The first item is 'Kaltura Training Services Overview' with a video thumbnail showing a yellow background and a logo. The second item is 'Hello world' with a video thumbnail showing a hand against a red background. Both items are marked as 'Private' and were created on July 16, 2024.

2. Scroll to the top of the page, click the **ACTIONS** menu, and select **Delete**.

The screenshot shows the top of the 'My Media' page. At the top right, there are navigation buttons for 'My Calendar', 'My Dashboard', and 'My recycle bin'. Below these is a search bar and a 'Filters' dropdown. The 'ACTIONS' menu is open, showing options: '+ Caption & Enrich', 'Publish', and 'Delete'. A red arrow points to the 'Delete' option.

A confirmation message displays. The message varies based on whether the recycle

bin is enabled (see above).

3. Click **Delete**.

## From the Media Gallery

1. Access the Media Gallery page.
2. Click on the **Media** tab.

3. Click on the thumbnail or title of the desired media.

The media page displays.
