About

Automate the creation of engaging, customizable quizzes that appear throughout the video content. Quiz drafts can be saved and edited.

Before you start

Videos repurposed with AI must meet the following criteria:

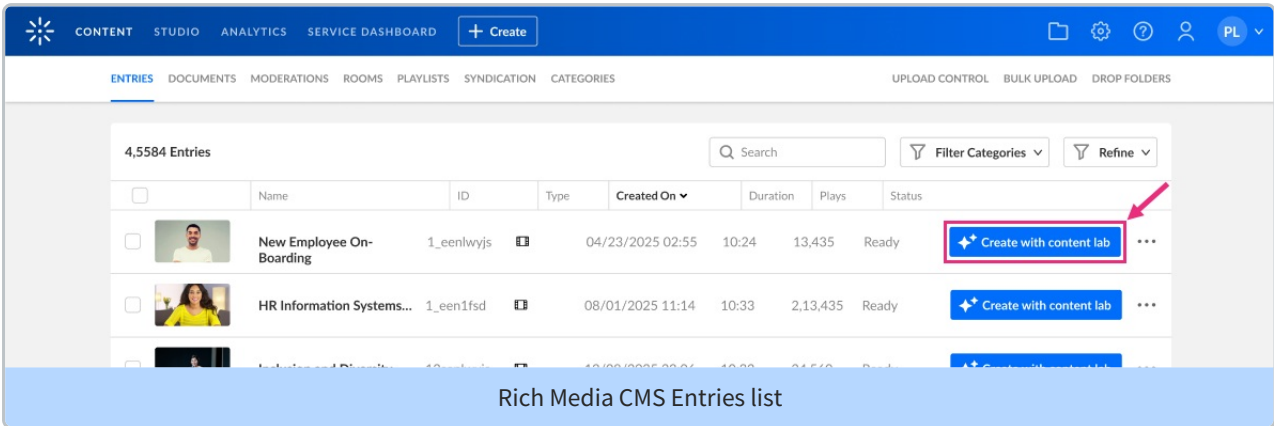

- Video must be in "Ready" status (transcoded)
- Video must have English captions
- Video must be 60 seconds or more in length
- Account must have Content Lab enabled
- Account must have an active REACH profile enabled with relevant catalog item(s)

Access the Content Lab

Steps for accessing the Content Lab vary depending on the Kaltura application.

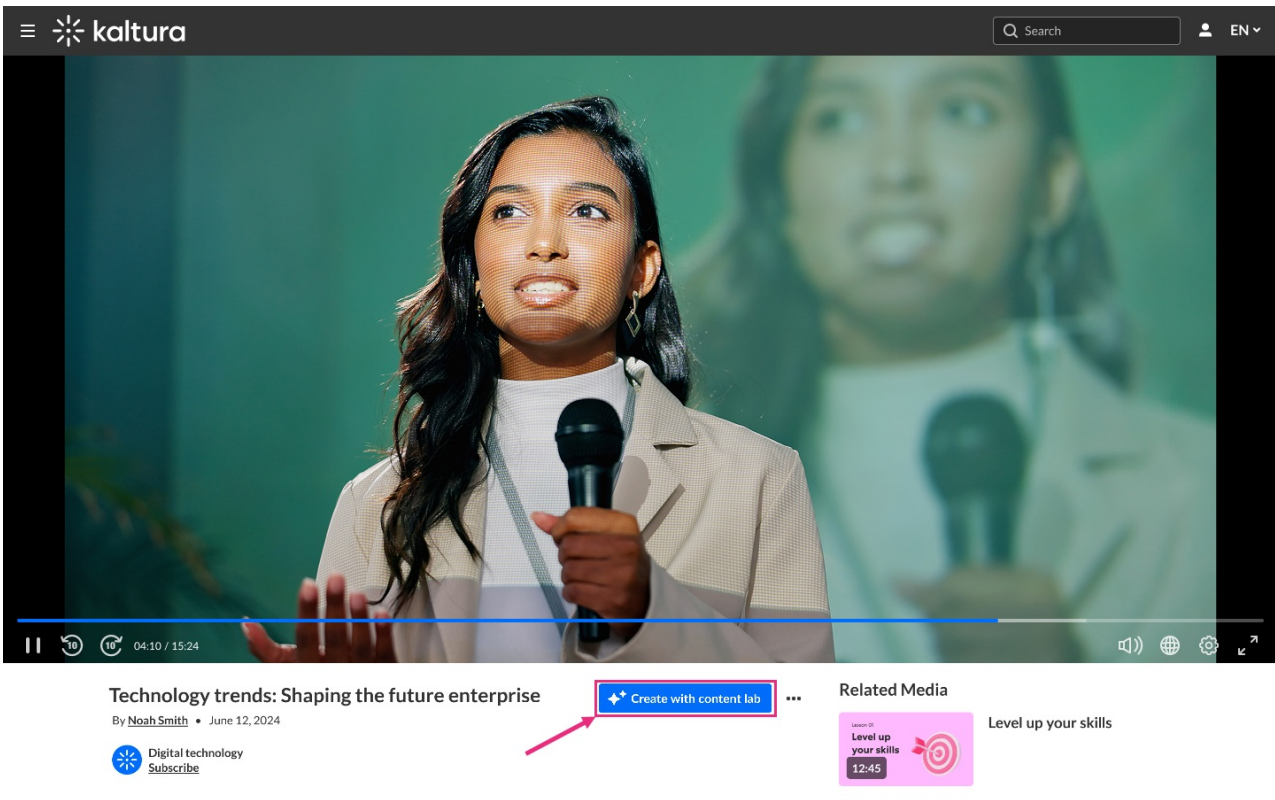

Rich Media CMS -

Access the Content Lab through the **Create with content lab** button on the [Entries list](#) or on the [Entry Details page](#).

Legacy Video Portal

Access the Content Lab through the **Create with content lab** button on the [Media page](#).

Kaltura Events - Access the Content Lab through the **Create with content lab** button on the [Edit session page](#) or the [Edit media page](#).

Events Edit session page

LMS Video - Access the Content Lab through the **Create with content lab** button on the [Media page](#).

Content Lab in Rich Media CMS

In legacy Video Portal, the 'Create with AI screen' displays.

This is the Content Lab's main menu. Options shown vary depending on the services configured for your account.

2. Click **Quiz**.

If this is your first time creating a quiz for the entry, the Create quiz screen displays.

If you've already generated quizzes for the entry in the past, the list of generated quizzes displays. Simply click **Generate new** to navigate to the Create quiz screen.

3. Pick your quiz style (language or style of the questions) - Formal or Casual.
4. Choose your quiz question types - True or false (selected by default), Multiple choice (selected by default), and Open text.
5. Decide on an estimated number of questions you would like your quiz to contain.
6. Provide clear and detailed instructions for your quiz. The more information you include, the higher the chance of achieving your desired outcome. You may type your own instructions or choose from the preset tags provided and add additional text instructions. Following are the available preset tags:
 - Focus areas: This quiz should focus on key concepts, practical applications, case studies, best practices, or technical terminology.
 - Difficulty level: Create questions appropriate for beginners, intermediate learners, advanced users, or experts.
 - Target audience: Tailor the quiz to a target audience of students, sales teams, marketing professionals, medical professionals, financial analysts, or technical

teams.

- Quiz purpose: Design this quiz to serve as a knowledge assessment, training reinforcement tool, lead qualification mechanism, certification preparation aid, or customer education resource.

7. Select the language you want your quiz questions and answers to be generated in. The dropdown includes your most recently used languages, followed by a full list of all supported languages.
8. Click **Generate**. The Content Lab begins creating your quiz.

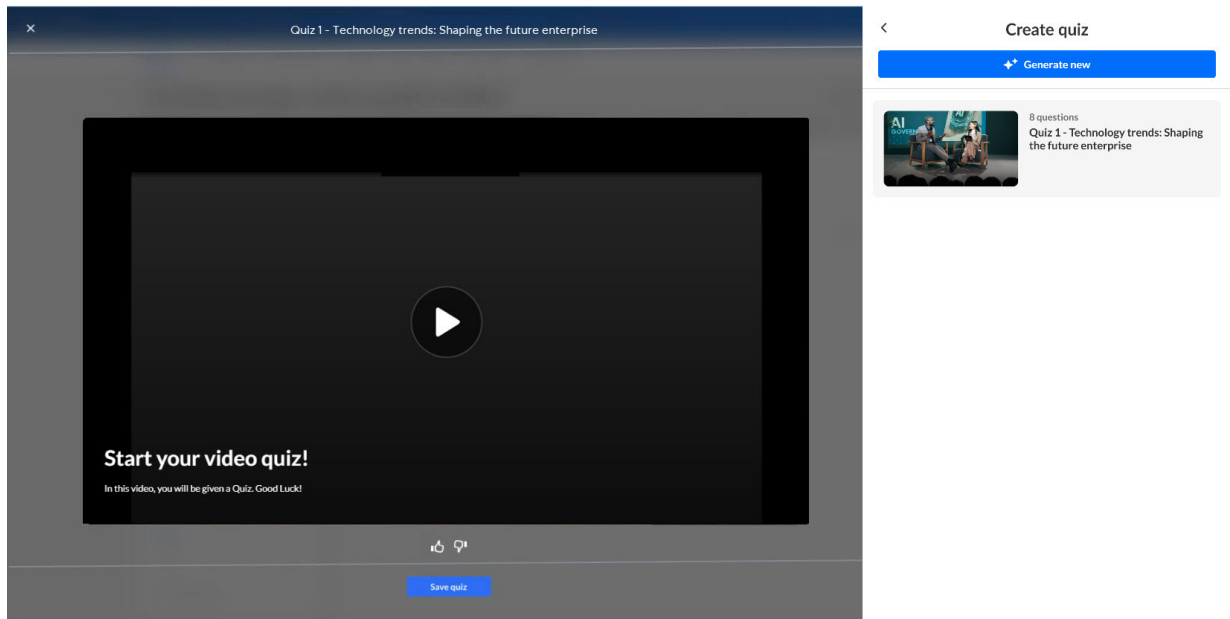

Once finished, the newly generated quiz is added to the list on the right of the screen. The quizzes in this list are numbered based on their creation.

Preview a quiz

1. Click on a desired quiz in the list. The left "preview" pane displays.

2. Click the "Play" button to preview the quiz.

Provide feedback on a quiz

1. Click the "thumbs up" or "thumbs down" to provide your feedback on the generated quiz.

If you click "thumbs down", an additional screen displays.

Add specific details (optional) 0/100

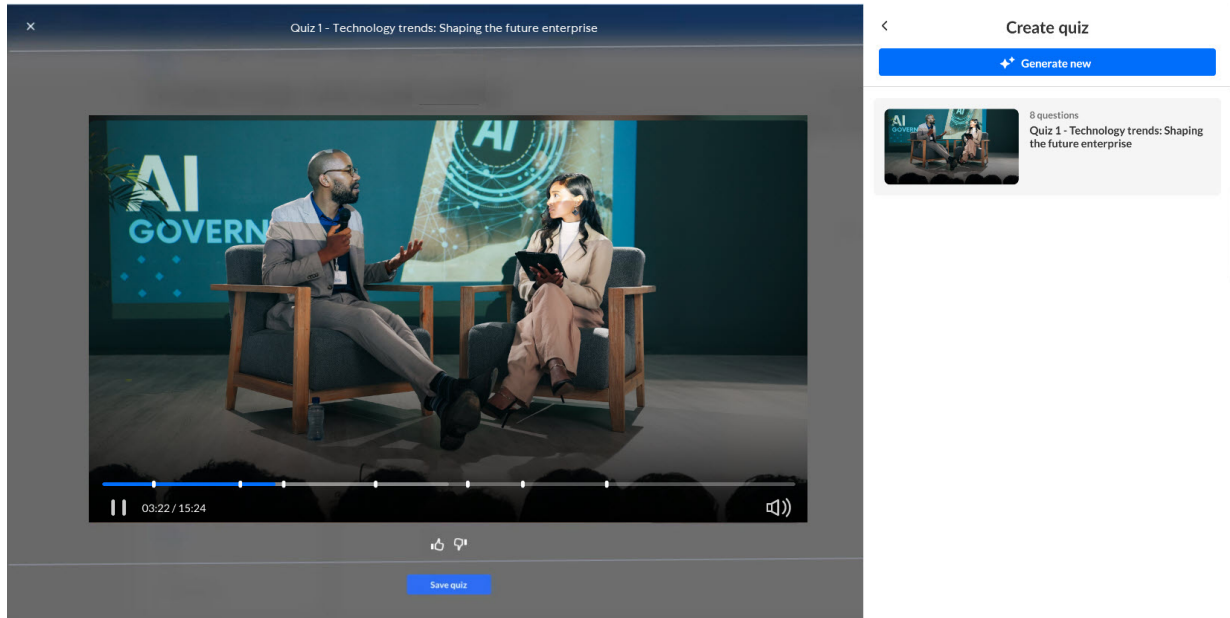

Cancel Send

2. Click to choose a reason and, optionally, add specific details about why you gave the quiz a "thumbs down". Your feedback is important to us!

3. Click **Send**.

"Try out" the quiz and save it

1. Click on a desired quiz in the list. The left "preview" pane displays.
2. Click Play.

3. Notice the cue points for each quiz question. You can use the scrubber to move around in the quiz. You can even answer the questions if you like.
4. Click **Save quiz**. The Save quiz screen displays.

Save quiz ×

Title

Description (optional)

Test your knowledge and stay ahead in the competitive business landscape with this engaging quiz on emerging technology trends reshaping enterprises. Through this quiz, gain insights into the innovations driving efficiency, sustainability, and growth. Challenge yourself and see how well you understand the tech trends that offer strategic advantages for the future.
