 This article is designated for all users.

About

Channels offer powerful search and filter tools to help you quickly find and organize content. Whether you're searching for videos, sessions, or playlists, the intuitive features make navigation effortless.

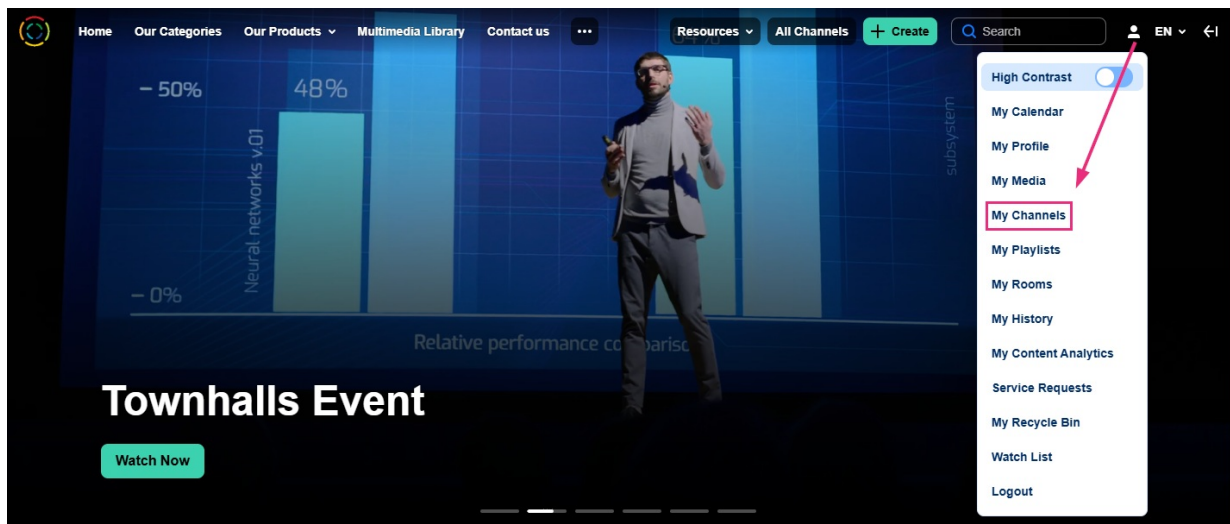

To learn more about channels, visit our article [Introduction to channels](#).

Access a channel

1. Select **My Channels** from the user menu.

If you don't see the **My Channels** option, contact your administrator to enable it in the [HeaderMenu module](#).

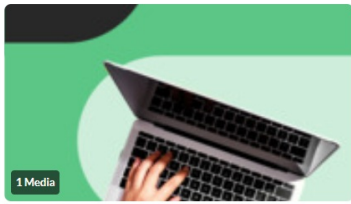

The 'Channels' page displays.

Channels

Q Search for channels Membership: 1 Types: All Sort By + Create channel

[Go to channel](#) [Subscribe](#)

2. Click **Go to channel** to access the desired channel.

Search in sessions

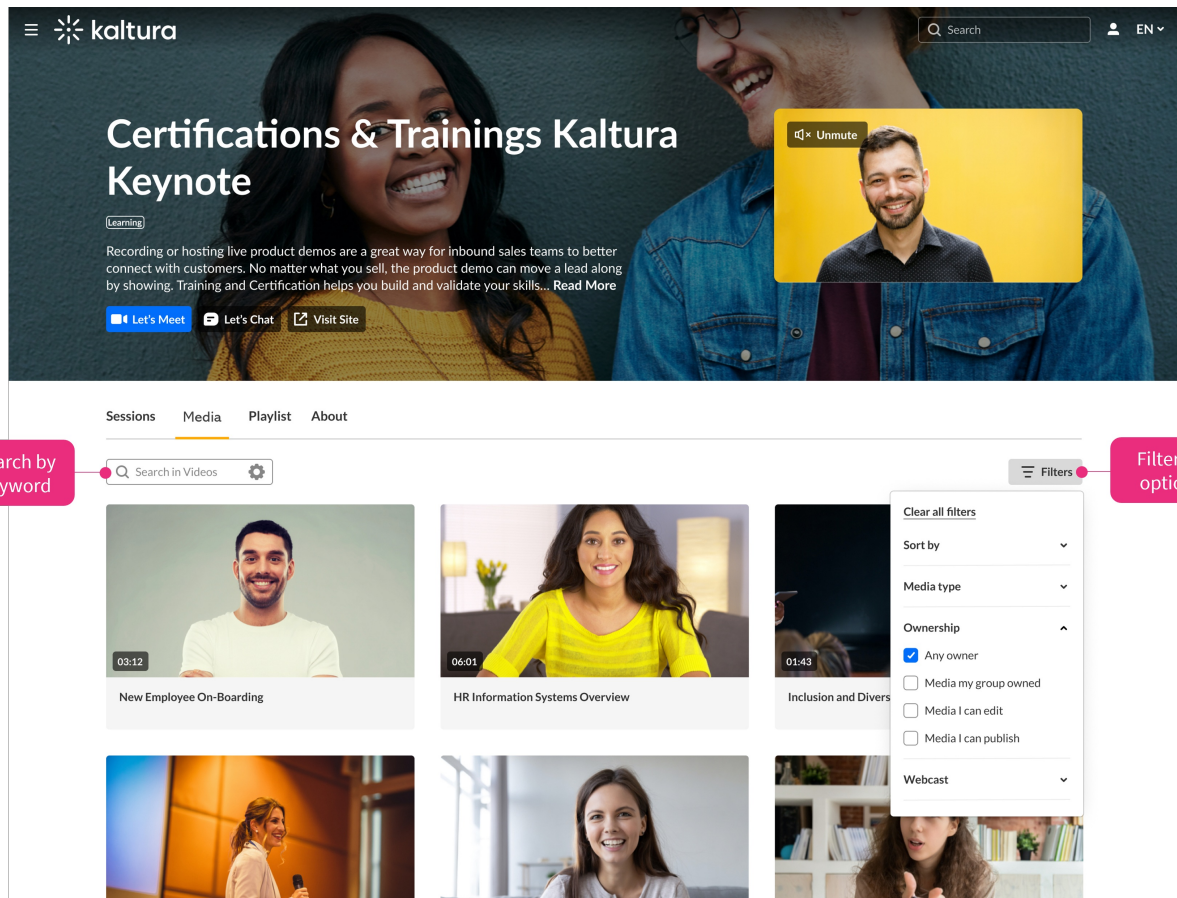

The screenshot shows the Kaltura channel page for 'Certifications & Trainings'. A search bar is highlighted with a pink callout that says 'Search by keyword'. Below the search bar, the 'Sessions' tab is selected, showing a list of sessions. Two sessions are visible:

- Kaltura connect opening keynote** (February 18, 10:00 AM - 11:30 AM EST). Speaker: Ron Yekutiel, CEO of Kaltura. Includes a 'Join now' button.
- Looking into the future** (February 18, 11:30 AM - 12:30 AM EST). Speakers: Michal Tsur (President & Chief Marketing) and Renan Gutman (EVP Product). Includes 'Add to calendar' and 'Add to watch list' buttons.

On the channel page, under the **Sessions tab**, you can easily find specific sessions by entering a keyword in the search bar. The search scans all key details, like session titles, descriptions, and speakers, to bring up the most relevant results instantly.

Search in media

Under the **Media tab**, you can use the search field to quickly find specific videos across all channel types - open, restricted, private, shared repository, public restricted, or public open.

The search scans key details like titles, descriptions, and tags, and includes all channel member types.

Start the search by typing in a search term and pressing **Enter**.

Use the **gear icon** to refine your search by field:

The gear icon will not be visible unless a search term is entered.

- **All fields**
- **Name**
- **Description**
- **Tags**
- **Chapters / Slides**

- **Captions**
- **Polls**
- **Quiz** (results from quiz questions and answers)

Filters

Filters appear on the right side of the page. If irrelevant, they are grayed out.

Sort By

Available sorts:

- **Relevance** - scored according to how well search results match the query and its context
- **Creation Date**
- **Update Date**
- **Alphabetically**
- **Views**
- **Plays**
- **Likes**
- **Webcast**

Media type filter

Available Media type filters:

Please note that the filtering options below may vary depending on what has been configured on your account.

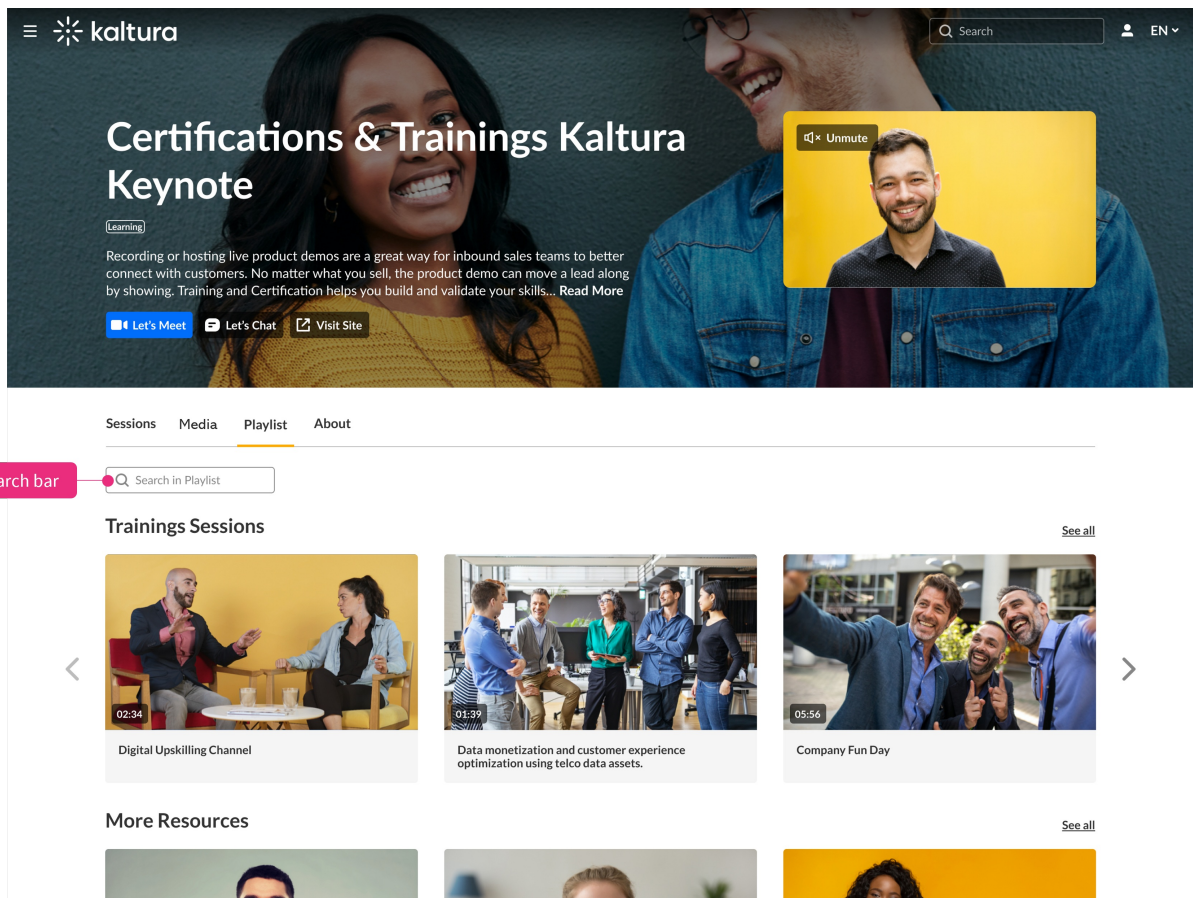

- **All media**
- **Video**
- **Quiz**
- **Audio**
- **3D object**
- **Draft**
- **Image**
- **Room**
- **Interactive video**

More filters

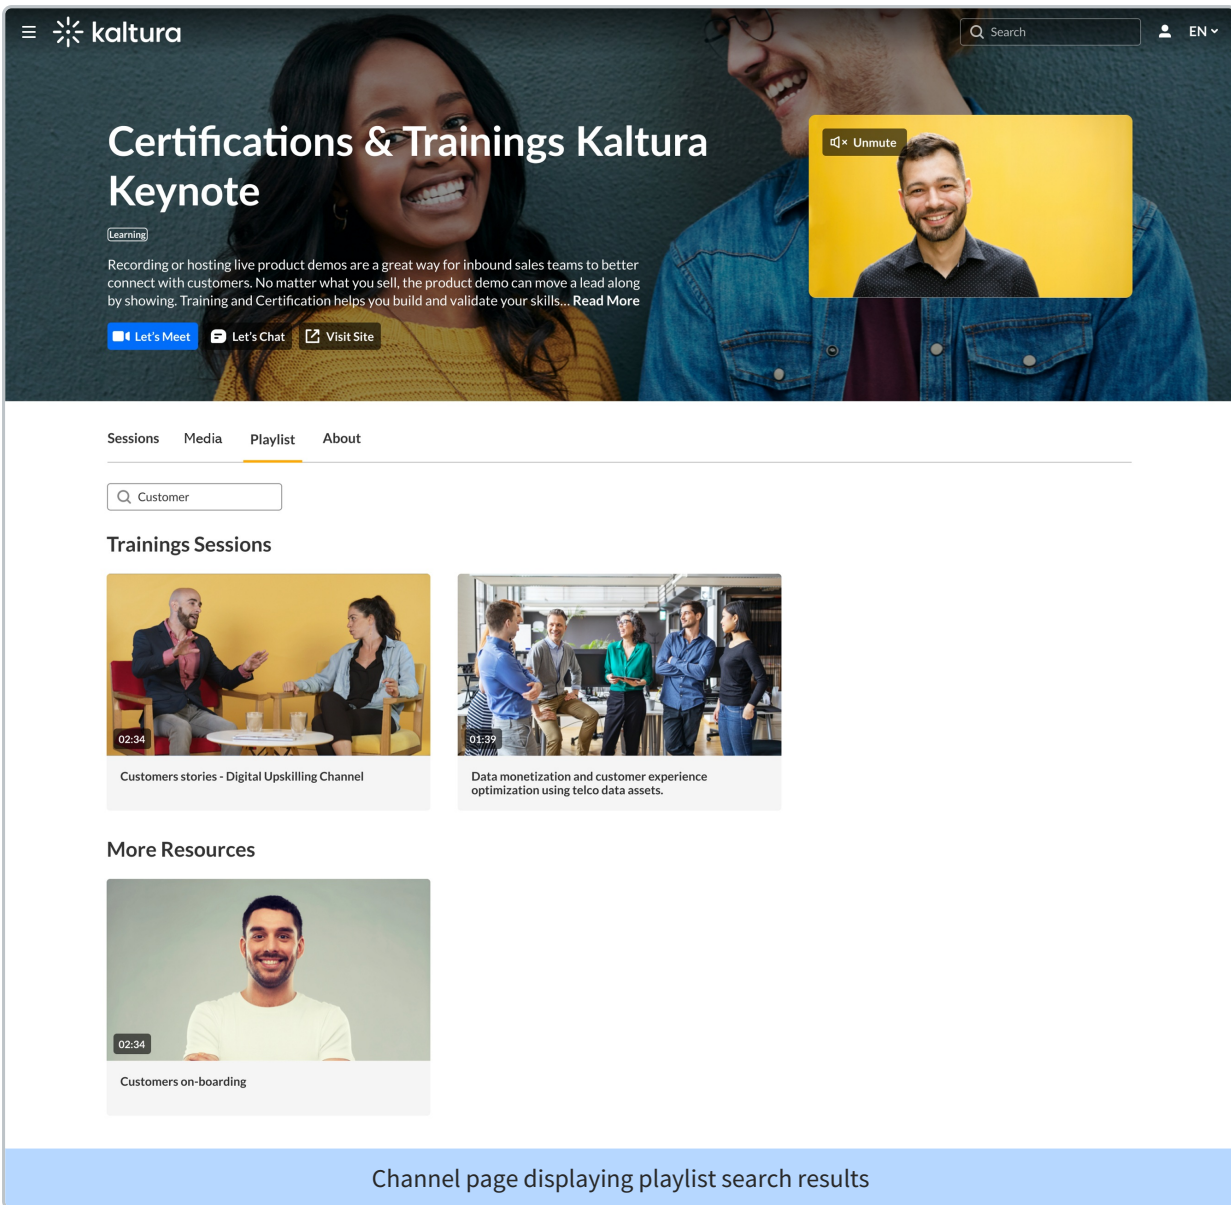

- **Captions** - All captions / Available / Not available
- **Duration** - Any/00:00-10:00 min/10:00-30:00 min/30:00-60:00 min/Custom
- **Creation Date** - Any/Last 7 days/Last 30 days/Custom
- **Last update date** - Any date / Last 7 days / Last 30 days / Custom

✓ Expand your filtering options by configuring custom metadata.

Search in playlists

Under the **Playlists tab**, you can easily find playlists by entering keywords in the search bar. The search focuses on key details like titles, descriptions, and tags, ensuring that only playlists (not individual media within them) appear in the results.

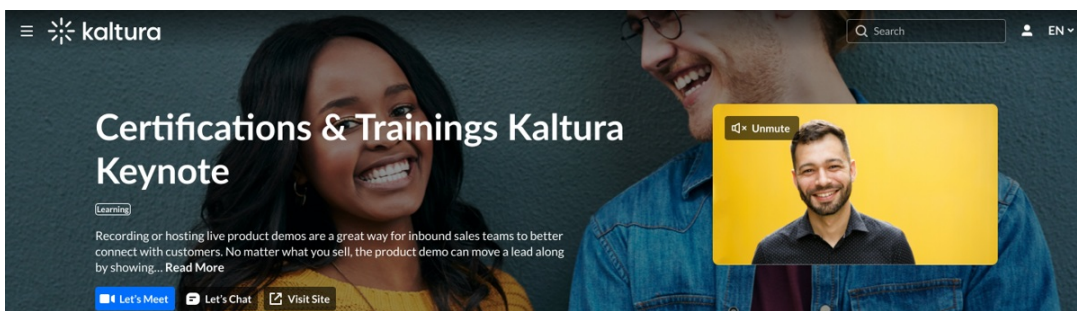

The screenshot shows the Kaltura channel page for 'Certifications & Trainings Kaltura Keynote'. At the top, there is a navigation bar with a search bar containing the text 'Customer'. Below the navigation bar, there are tabs for 'Sessions', 'Media', 'Playlist', and 'About', with 'Playlist' being the active tab. The main content area displays search results under the heading 'Trainings Sessions'. There are three video thumbnails: 'Customers stories - Digital Upskilling Channel' (02:34), 'Data monetization and customer experience optimization using telco data assets.' (01:39), and 'Customers on-boarding' (02:34). A blue banner at the bottom of the screenshot contains the text 'Channel page displaying playlist search results'.

Search in vertical view

When you're in vertical view, you can quickly find **sessions**, **media**, and **playlists** using the search bar.

For **sessions** and **media**, results show up instantly as you type. For **playlists**, results may take a second to load. Just type your keyword and press **Enter** to start searching.

This is another screenshot of the same Kaltura channel page, showing the search results for 'Customer'. The layout is identical to the previous screenshot, with the search bar at the top containing 'Customer' and the 'Playlist' tab selected. The search results for 'Trainings Sessions' are the same: 'Customers stories - Digital Upskilling Channel' (02:34), 'Data monetization and customer experience optimization using telco data assets.' (01:39), and 'Customers on-boarding' (02:34).
