

Publish media in Blackboard - Theming

Last Modified on 06/10/2025 5:26 pm IDT

 This article is designated for all users.

About

All uploaded media is kept private by default (unless your administrator has set it up differently), when you are ready to share it with others, simply publish it.

You must be the media owner or co-publisher to publish media.

The instructions below are for **Theming** users. If you don't have Theming enabled, please refer to our article 'Publish media'.

Publish from My Media

1. Navigate to your **My Media** page.

On the **My Media** page, locate the desired entry.

2. Click the **three dots** to the far right of the entry and select **Publish status**.

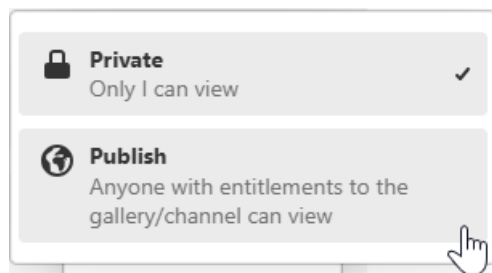

The **Publish status** options display: **Private** and **Publish**.

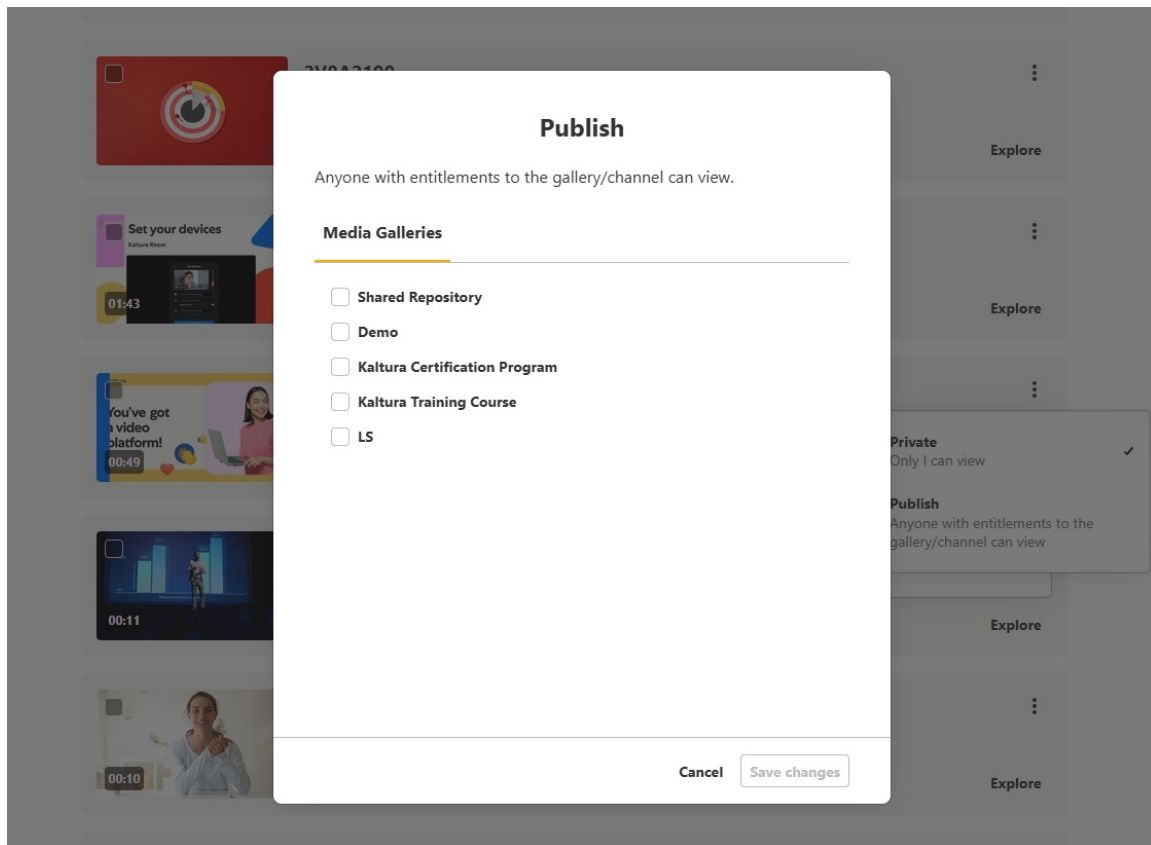

The **Publish** option will be grayed out if 'required' items have not been filled in. Required items can include metadata like tags and descriptions, set by your administrator in the [Metadata module](#), or required fields set by your administrator in the [Customdata module](#).

3. From the **Publish status** options, click **Publish**.

The **Publish** window displays.

The Publish window shows the available media galleries.

4. Check the box(es) next to the desired media galleries.

You can use the **Search box** to find a media gallery.
