a This article is designated for administrators.

About

This guide walks you through setting up Kaltura's media assignment submission tool in Moodle, enabling students to submit video-based assignments.

Step 1: Configure Kaltura settings

1. Go to your KAF Configuration Management console and click on the

Browseandembed module. You can also navigate to it directly using a link: https://{your KMS URL}/admin/config/tab/browseandembed.

ModulesCustom / core / kaf			
Browseandembed			
Canvas

Moderation	disableAddNewAttribute	custom_disable_add_new	The LTI attribute the get the disable-add-new from.				
My-media							
Navigation	enableNewBSEUI	v3 v	This field enables the brand new Browse and Embed UI and functionality.				
Player							
PlaylistPage	Funda a Catting an Dutter of						
Recaptcha	EmbedsettingsButton	Show 🗸	Select 'Yes' to present the Embed Settings button, allowing users to change the embed settings before embedding media.				
Search							
Security	enableQuickIngest	No 🗸	Turn on the Quick Ingest endpoint. Once on, it can either replace the existing Browse and Embed endpoint, or can be used as a standalone tool using this URL:				
SharedRepositories			<pre>KAF_Base_URL}/browseandembed/quick-ingest</pre>				
Widgets							

Configuration Management

2. Configure the following settings:

Copyright © 2024 Kaltura Inc. All Rights Reserved. Designated trademarks and brands are the property of their respective owners. Use of this document constitutes acceptance of the Kaltura Terms of Use and Privacy Policy.

- enableAssignmentSubmission Set to 'Yes'.
- **assignmentSubmissionText** This is the message that appears when students submit an assignment. The default text is: *Would you like to submit media as an assignment?* You can customize this message to fit your needs.
- assignmentSubmissionMaxRole Set this to 'Contributor' to ensure students can see the 'Submit Media' popup when selecting an entry and clicking the 'Embed' button. (If you want users with a higher role to also see the popup, you can set it to a higher level.)

enableAssignmentSubmission	Yes V	This feature enables an additional pop up screen when selecting media in Browse. Search and Embed to verify if the user is submitting an assignment. If confirmed, the selected entry will be cloned under a different user name to prevent editing and deletion.
assignmentSubmissionText	Would you like to submit media as	Determines the text that will appear on the pop up message when submitting an assignment. In case left empty, the default message will appear.
assignmentSubmissionMaxRole		This sets the highest role level which will see the pop up upon selecting an entry in Browse, Search and Embed.
contentItemReturnUrlAttr	content_item_return_url	The LTI attribute that holds the content-item return url
sendCimLineItem	Never ~	"Select 'Yes' to include CIM JSON data for any quiz entry. Turn this field on only if specific gradebook integration workflows are not available for the integration (e.g., BB Ultra)."
allowEmbedFromMediaGallery	Contributor 🗸	Choose the minimal role that can embed Media Gallery content via BSE.
autoRepublish	Yes V	Enable the automatic re-publishing feature to make content playable even when it was un-published from the VEmbedded In Context [®] category after it was embedded via BSE.

3. Click Save.

Step 2: Configure Moodle settings

1. In Moodle, go to your **Site administration** page.

Home Das	hboard My	courses S	ite administration	
		/		New Site
				Home Settings Participants Reports Question bank More ~
				Available courses
				mycourse
				Teacher: Admin User
	Home Das	Home Dashboard My	Home Dashboard My courses S	Home Dashboard My courses Site administration

2. On the Site administration page, click **Plugins** in the top menu.

					•
