## About

Prepare your presentations effortlessly with Kaltura's storyboard. Upload files in advance to simplify session prep, organize, take breaks, and return to find everything where you left it. The storyboard replaces our familiar playlist and 'timeline', making life easier for hosts and moderators.

Want to share a storyboard with your team? Make it global! To unlock the benefits of a Global Storyboard, simply reach out to your Kaltura representative and ask how to get started.

To get started, watch the video tutorial or follow the steps below.
