About

This guide explains how to enable Kaltura's media assignment submission tool in your LMS, allowing students to submit video assignments through the Kaltura embed workflow.

Configure Kaltura settings

1. Go to your Configuration Management console and click on the Browseandembed module. You can also navigate to it directly using a link: https://{your KMS URL}/admin/config/tab/browseandembed.

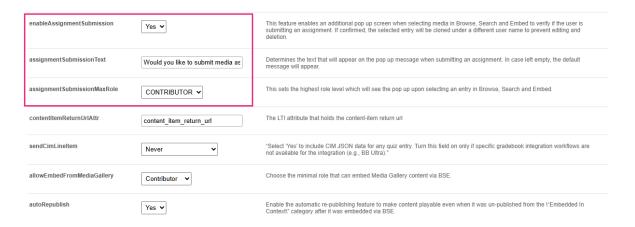

The **Browseandembed** page displays.

Configuration Management Browseandembed Backup Configuration Application Info The 'Browseandembed' module control the way users can use the Browse, Search & Embed (BSE) tool. • Please make sure players are set. We recommend to make sure the 'BSEPlayerd' field is filled up. • Note that depending on the LMS/CMS user, the feature set might be different. To read more, please see the BSE AddNew documentation. If you need to upgrade your BSE players from V2 to V7 Kaltura player, please use this tool Auth Categories Channels Enable the Browseandembed module Yes 🕶 Debug EmailService Which method to use for the return url action returnUrlMethod GET ▼ EmailTemplates Gallery Header allowEmbedFromMultipleCourses Defines how many categories to include when embedding media No 🕶 Languages custom_filter_type MediaCollaboration Metadata The LTI attribute the get the disable-add-new from Moderation custom_disable_add_new My-media Navigation enableNewBSEUI v3 🕶 This field enables the brand new Browse and Embed UI and functiona PlaylistPage Embed Settings Button Select 'Yes' to present the Embed Settings button, allowing users to change the embed settings before embedding Show ~ Recaptcha Turn on the Quick Ingest endpoint. Once on, it can either replace the existing Browse and Embed endpoint, or can be used as a standalone tool using this URL: Security No 🕶 SharedRepositories {KAF_Base_URL}/browseandembed/quick-ingest

- 2. Configure the following settings:
- enableAssignmentSubmission Set to 'Yes'.
- **assignmentSubmissionText** This is the message that appears when students submit an assignment. The default text is: *Would you like to submit media as an assignment?* You can customize this message to fit your needs.
- **assignmentSubmissionMaxRole** Set this to 'Contributor' to ensure students can see the 'Submit Media' popup when selecting an entry and clicking the 'Embed' button. (If you want users with a higher role to also see the popup, you can set it to a higher level.)

3. Click Save.
