### About

This guide explains how to enable Kaltura's media assignment submission tool in your LMS, allowing students to submit video assignments through the Kaltura embed workflow.

## **Configure Kaltura settings**

1. Go to your <u>KAF</u> Configuration Management console and click on the **Browseandembed** module. You can also navigate to it directly using a link:

https://{your\_KMS\_URL}/admin/config/tab/browseandembed.

ModulesCustom / core / kaf Browseandembed Canvas Hosted Hostedrelated Ltigrading

The **Browseandembed** page displays.

- 2. Configure the following settings:
- enableAssignmentSubmission Set to 'Yes'.
- **assignmentSubmissionText** This is the message that appears when students submit an assignment. The default text is: *Would you like to submit media as an assignment?* You can customize this message to fit your needs.
- assignmentSubmissionMaxRole Set this to 'Contributor' to ensure students can see the 'Submit Media' popup when selecting an entry and clicking the 'Embed' button. (If you want users with a higher role to also see the popup, you can set it to a higher level.)

enableAssignmentSubmission	Yes V	This feature enables an additional pop up screen when selecting media in Browse. Search and Embed to verify if the user is submitting an assignment. If confirmed, the selected entry will be cloned under a different user name to prevent editing and deletion.
assignmentSubmissionText	Would you like to submit media as	Determines the text that will appear on the pop up message when submitting an assignment. In case left empty, the default message will appear.
assignmentSubmissionMaxRole		This sets the highest role level which will see the pop up upon selecting an entry in Browse, Search and Embed.
