About

This article explains how to configure quiz settings for new and existing video quizzes in the quiz editor.

This feature requires the following to be enabled:

- [Editor module](#)
- [Quiz module](#)

If you're using a site with Theming enabled, this feature also requires the [Theming module](#) to be enabled, with the 'quizcreation' feature set to 'Yes'.

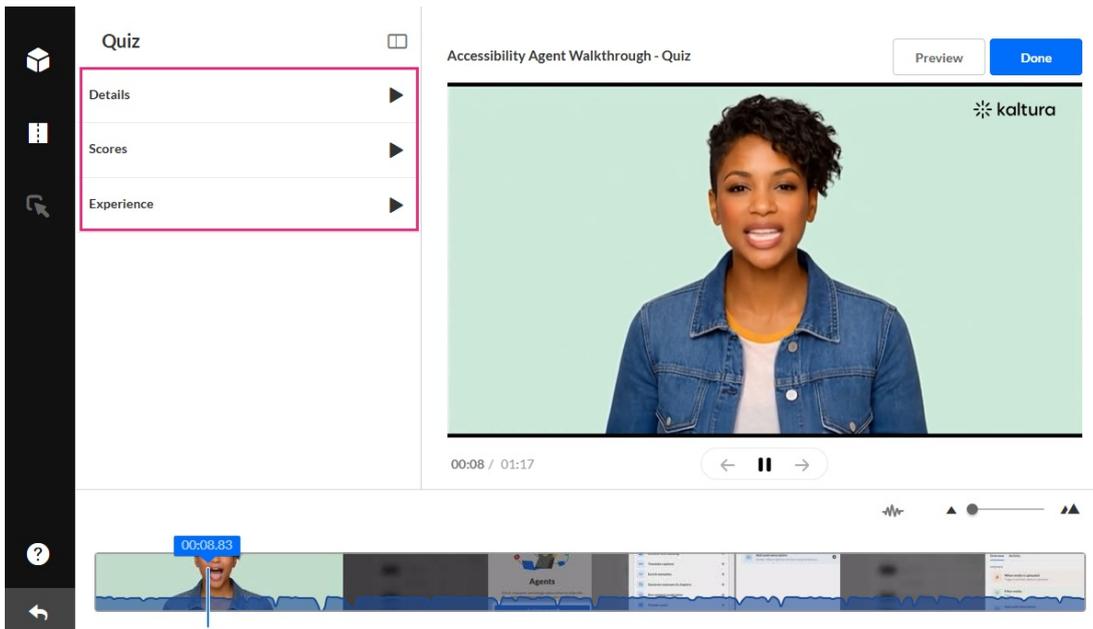

Access the quiz settings

Accessing the quiz editor varies depending on the Kaltura application you're using.

- For a new quiz, see [Start creating a video quiz](#) to access the quiz editor and its settings.
- For an existing quiz, see [How to launch Kaltura's quiz editor](#).

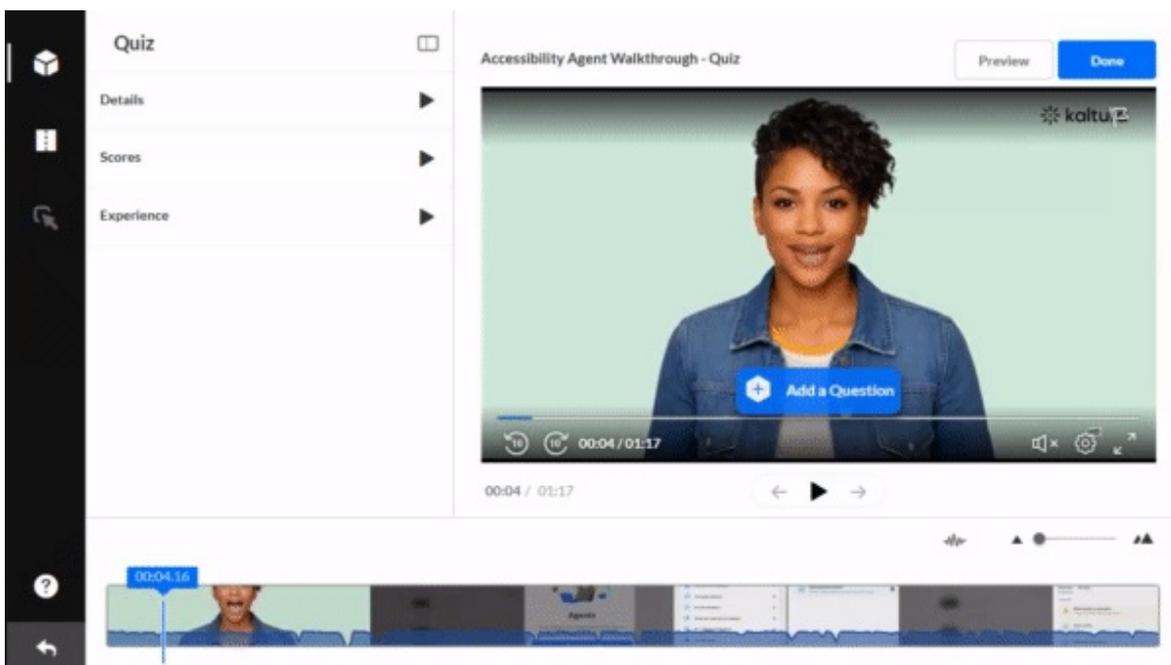

Configure quiz settings

In the quiz editor, the settings are organized into three tabs: **Details**, **Scores**, and **Experience**.

Details

Click the **Details** tab.

You can configure the following settings:

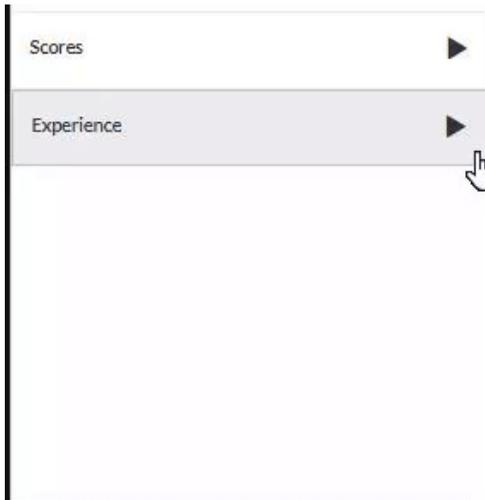

- **Quiz Name** - Change the quiz name.
- **Welcome Message** - Edit or remove the welcome message displayed before participants begin the quiz. To hide the welcome page, clear **Show Welcome Page**.
- **Allow Download of Questions List** - Allow participants to download the question

list before starting the quiz. When enabled, a **Download Pre-test** button appears on the welcome page. Participants can download the questions and answer options as a PDF.

- **Instructions** - Edit the instructions displayed to participants.

Scores

Click the **Scores** tab.

You can configure the following settings:

Allow Multiple Attempts - Allow participants to take the quiz more than once and select which score to keep:

- Highest attempt
- Lowest attempt
- Latest attempt
- First attempt
- Average of all attempts

This feature requires the [Quiz module](#) to be enabled, with the 'QuestionsV3' field set to 'Yes'.

[Revert to defaults](#)

Upon Submission:

Allow Multiple Attempts

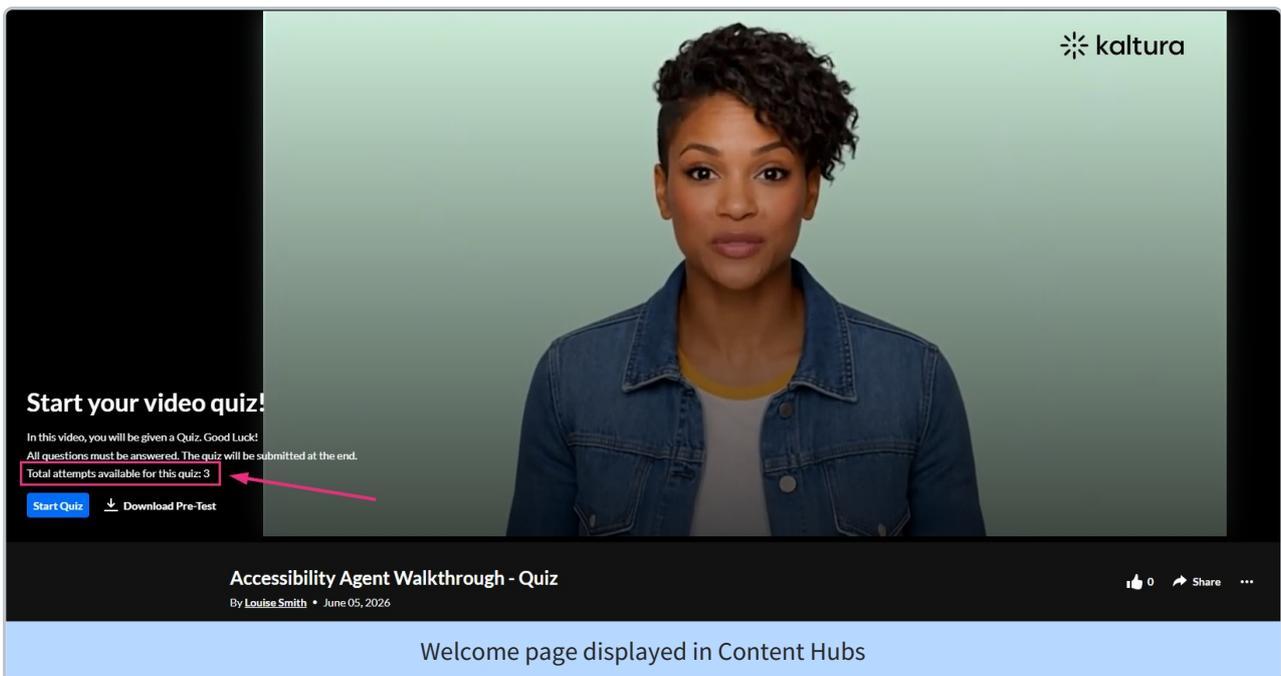

Allow viewers to take the quiz more than once.

Number of attempts (2-100)

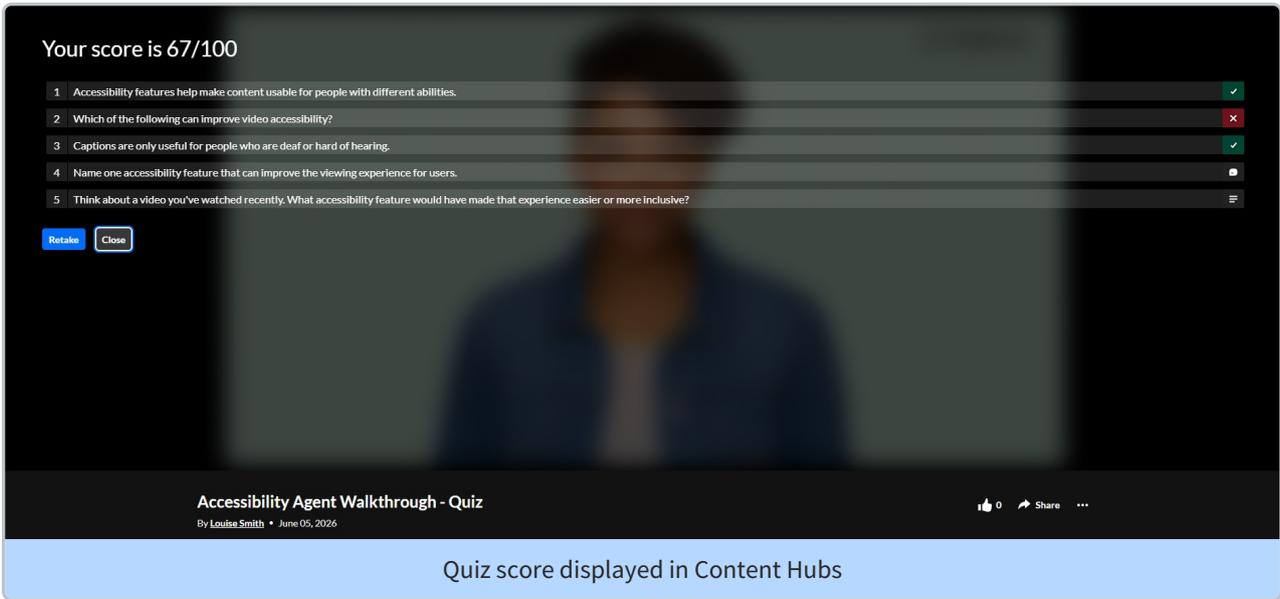

Quiz Score to Keep

Latest Attempt
Highest Attempt
Lowest Attempt
Latest Attempt
First Attempt
Average of all Attempts

If the **Welcome page** is enabled, the number of allowed attempts displays on that page.

After submitting the quiz, participants see the **Submitted** page, which displays the final score.

 If participants choose **Retake**, they cannot view their previous answers.

Do Not Show Scores - Participants see a thank you message after submitting the quiz.

Show Scores - Participants see their quiz score after submission.

Include Answers - Participants can review correct and incorrect answers, along with any rationale added during quiz creation.

 For more information, see [Add questions to your video quiz.](#)

Click **Revert to defaults** to restore the default settings.

Experience

Click the **Experience** tab.

You can configure the following settings:

- **Allow Answers Change** - Participants can change answers before submitting the quiz.
- **Allow Skip** - Displays a **Skip for Now** button so participants can return to a question later.
- **Do not Allow Skip** - Participants must answer a question before continuing.
- **No seeking forward** - Participants can't use the seek bar to move beyond the point they have already viewed.

You can choose **Revert to defaults** at any time.
