

Add / Remove collaborators in Moodle - Theming

Last Modified on 06/12/2025 12:41 pm IDT

 This article is designated for all users.

About

Media owners can add collaborators such as co-editors, co-publishers, and co-viewers to their media. This will make the media available in the collaborators' personal My Media. Note that adding a collaborator doesn't change that user's overall role, in other words, a user with a viewer role added as a co-editor or co-publisher can only edit or publish the specific media they've been assigned to.

Note that your administrator can also configure the option of adding co-editors, co-publishers, or co-viewers during upload of an entry.

For information about transferring ownership, check out our article 'Change media ownership'.

The [Mediacollaboration module](#) must be enabled by your administrator for this functionality to work.

The instructions below are for [Theming](#) users. If you don't have Theming enabled, please refer to our article 'Change media ownership & add collaborators'.

Via My Media

Add collaborators

1. Access the My Media page.

[+ Add Collaborator](#)

The **Add a Collaborator** window displays.

Add a Collaborator

Type user or group name

Select permissions:

☐ Co-Editor
☐ Co-Publisher
☐ Co-Viewer

Cancel Add

7. Enter the collaborator's user name or ID or the group's name or ID.

Add a Collaborator

 [redacted]@kaltura.com (Type ID or group name) ✕

Select permissions:

☐ Co-Editor
☒ Co-Publisher
☐ Co-Viewer

Cancel Add

8. Choose the type(s) of permissions for the collaborator you are adding to the media

entry.

The types of collaborators and their permissions are as follows:

- **Co-Viewer** - Can only view this media and doesn't have editing or publishing permissions.
- **Co-Publisher** - Can publish this media to their entitled Categories or Channels.
- **Co-Editor** - Can edit this media's details and metadata, trim media, replace media, edit captions, edit chapters, and edit slides. Co-editors can't delete media or add new co-editors and co-publishers. Co-editors can see the analytics page for the media they co-edit.
- **Kaltura Webcasting Moderators** - Only media owners can assign Webcasting Moderators for a Kaltura Webcasting event. Only after a Webcasting Moderator is assigned as a collaborator, the Moderator View is launched through the Actions menu in the Webcast Event URL. Webcast Moderators can send announcements, respond to questions, mark questions in queues, and answer on air. Note: This is a webcast feature, and only available on webcasting entries. Co-viewer option isn't available with this feature.

9. Click **Add**.

The collaborator is added.
