

## Interactions tab - Open ended question

Last Modified on 07/08/2025 4:43 pm IDT

Create and publish an open-ended question from the Interactions tab of the Chat and Collaboration widget

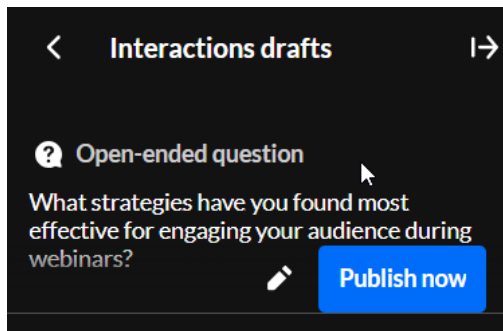

1. Click **Open-ended question** to begin creating an open-ended question.

2. Type your question in the "Write your question here" field, decide whether to share results with attendees, save as a draft, or publish now.

If you choose to *save the open-ended question as a draft*, you may access it through the **Interactions drafts** button on the Interactions tab, hover over the draft and edit it or publish it now.

If you choose to *publish now*, it will be published to your attendees immediately, initially displaying as a small toast popup in the lower left corner of the screen, then displaying in the Feed sub-tab of the Live stage tab.
