

# Move your Video Portal to the Theming design system: A step-by-step guide

Last Modified on 09/17/2025 12:51 pm IDT

 This article is designated for administrators.

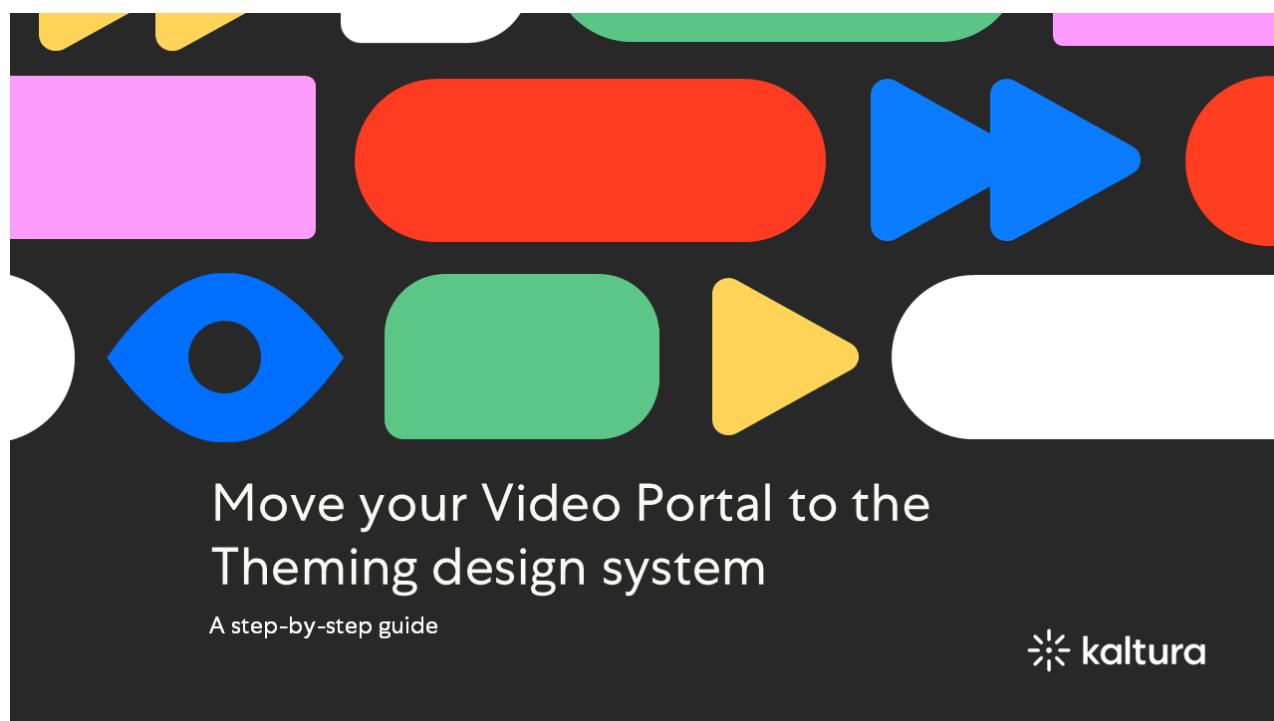

## About

This migration guide walks you through moving your Video Portal to Kaltura's Theming design system. It provides practical steps for enabling the right modules, building your homepage, and using new pre-built components to create a modern, branded experience.

## Download the guide

The guide is available as a PDF for easy reference. You can view it online or download it to follow along while making changes in your site.

 [Download the Theming migration guide \(PDF\)](#)

The guide covers:

- What Theming is and why to switch
- Using the Theme Builder to brand your site

- How to enable and activate themed pages
- Building your homepage with modular components
- Tips for a smooth transition

For more details, see the Theming articles in the Knowledge Center:
