Playlist details page in Video Portal - Theming

Last Modified on 01/07/2026 5:02 pm IST

> 👥 **This article is designated for all users.**

About

The playlist details page lets you view and interact with a playlist using the Theming experience.

The page shows key playlist information, actions such as Play all and Share, and a list of media entries. The Theming version keeps the same functionality as the legacy playlist details page, with an updated layout and improved consistency across the platform.
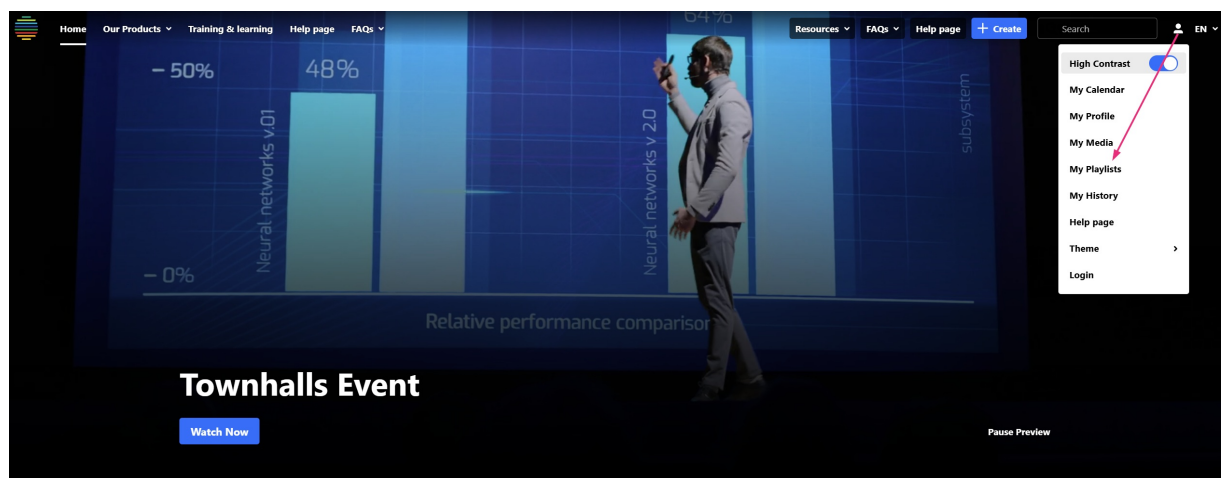

> ℹ️
> For non-Theming users, please see our article Playlist details page.

Access the Playlist details page

> ℹ️
> If you can't access the playlist details page, ask your administrator to give you the required permission.
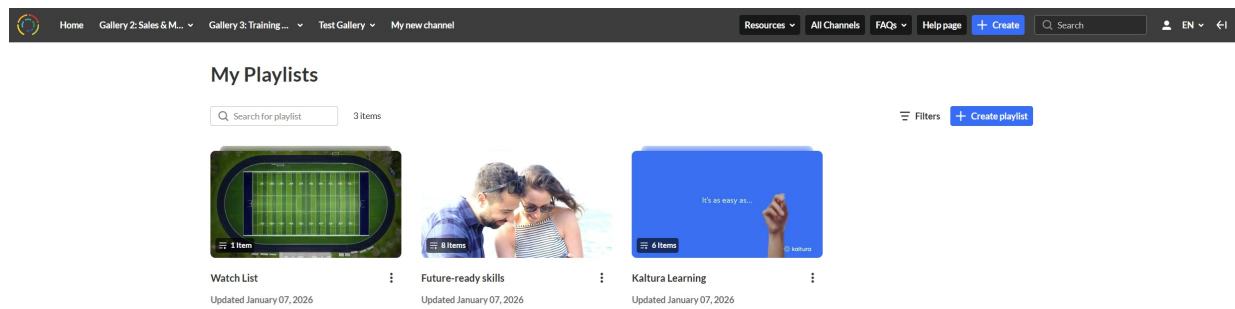

1. From the user menu, choose **My Playlists**.

The 'My Playlists' page displays.

2. On the **My Playlists** page, locate the desired playlist, click the **three-dot menu** and select **View details**.

The playlist details page displays.

Key features

The playlist details page includes the following elements:

Header

- A gradient background based on the first media entry in the playlist
- Playlist name
- Playlist owner information, including name, role, and profile image or initials
- Playlist actions:
    - **Play all** – Opens the playlist playback page and plays all media items (this button is hidden if the playlist is empty for the user)
    - **Share** – Opens the Share options
    - **More actions (three dots)** – Available only to the playlist owner or collaborators:
        - Edit playlist – Opens the edit playlist details page
        - Delete – Deletes the playlist

Playlist metadata

- Number of items
- Last updated date
- View count (if available)

Description

A rich text description of the playlist (if configured)

Media list

- Displays all media items in the playlist (up to 500 items)
- Items appear in the order defined by the playlist owner (manual playlists are not sorted automatically)
- Each media entry includes:
    - Thumbnail
    - Media title (clickable)
    - Creator name (shown or hidden based on platform configuration)
    - Play icon on the right

Clicking the play icon or media title opens the playlist playback page and starts playback from the selected item

> **ⓘ**
>
> Note that the **Watch List** behaves slightly differently:
>
> - The user information is not shown in the header
> - The Delete option is not shown in the actions menu
> - No description is displayed
