i Legacy notice

This article documents the **legacy KME Room**. For information on the new room, please visit the [new Kaltura Room documentation](#).

Set the webcam, microphone and speakers you want to use in your live room session.

Manage Your Media Device Settings

1. Click **Settings** ⚙️ in the upper bar of the live room.
2. Select the drop down menus corresponding to *Select Webcam*, *Select Microphone*, and *Select Audio Output*.
3. Select the device you want to use.
4. Toggle on *Blur background* to blur your background.

The Blur option is available on Edge, Chrome, and Firefox browsers for devices meeting the following requirements:

Windows: Desktop or laptop with a 4-core processor and at least 4GB of RAM, or a Surface Pro 2 or 3.

Mac: Device with a 4-core processor or M-series chipset and at least 4GB of RAM.

💡 *Select Audio Output* is only available on a Chrome browser.
