i Legacy notice

This article documents the **legacy KME Room**. For information on the new room, please visit the [new Kaltura Room documentation](#).

When a participant records a session in the breakout room, the recording can be accessed:

1. Within the live room, inside a folder called Breakout Recordings under Files. Hosts can access this folder.
2. The participant's My Media in Mediaspace (if they are a credentialed user in Mediaspace)
3. Published to the channel from where the live room was launched (if they are a credentialed user in Mediaspace)
