- a. *Course image*- Click the thumbnail to upload a course avatar. This is the image that users will see in the course directory as well as the background banner when entering the course via a direct URL.
- b. *Course name* - Course name is the only required field when creating a course. The course name appears in the course directory as well as on the banner when accessing the course from a direct URL.
- c. *Plan* - Courses that do not have a plan are not accessible to instructors and students. Click the field to display a drop down menu listing the purchased plans available (not currently used by other courses) and select the plan you want to apply.
- d. *Summary*- Short description of the course. Seen when accessing the room in the course directory.
- e. *Description*- Describe the course. Seen by students & instructors in the course directory.
- f. *Add users* - Search through users that you have added to your company/Virtual Classroom. Registered users can access their courses by signing into their Kaltura account instead of through a direct URL.

4. Click **Create**.
