05:23 and it has the added advantage of actually being a true story.

05:34 I'm an astrophysicist, which means profession, my passion

05:41 is studying things in the Universe that are incomprehensibly large,

05:49 they're extremely far away, they're very old;

05:54 I think sometimes people don't realize

06:01 that scientists actually do respond to this with some emotion.

06:09 People often ask me, "What's it like to be an astrophysicist?"

06:15 When you learn all these things,

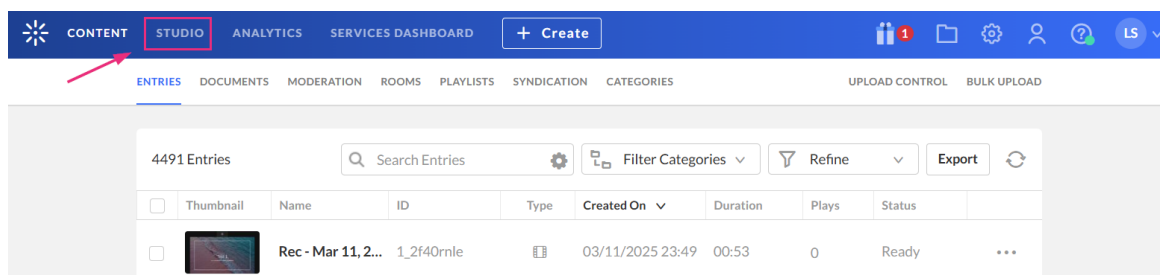

06:23 does it affect the way you view the rest of your life?"

02:50 / 28:12
