About

You can enable playlists and an optional side panel for navigation and auto-continue.

VOD

Access the player settings

1. Log in to your KMC and click the **Studio** tab.

The Player Studio page displays.

2. Click the player you want to edit from the list (or use the search bar in the top

---

right).

> ✅ If you haven't created a player yet, check out our article Create a player for guidance.

The player settings display.

Set playlist display

1. Scroll down to the **Navigation & discovery** section, find **Playlist** and click the toggle to open the settings.

![Kaltura logo]

2. Configure the following:

- **Auto continue -** choose whether to continue to the next item automatically.
- **Loop -** choose whether to play the playlist in a loop. When selected, the playlist will play automatically, even if **Auto continue** is not selected.
- **Countdown -** choose whether to show the countdown.
  In the **Duration** field, type how long the countdown will display.

3. Click **Save** at the top right of the settings page.

Set the playlist side panel

VOD

1. Scroll down to the next setting which is **Playlist side panel** and click the toggle to open the settings.

2. Configure the following:

- In **Position**, choose the position of the playlist side panel - Right, Left, Top, or Bottom.
- In **Expand**, choose whether to expand the playlist side panel alongside the video or

over the video.

- In **Expand on First Play**, choose whether to expand the playlist side panel on the first play of the video.

3. Click **Save** at the top right of the settings page.

For the user guide, see Playlist.
