About

Enable this option to support image playback.

VOD

Access the player settings

1. Log in to your KMC and click the **Studio** tab.

   The Player Studio page displays.

2. Click the player you want to edit from the list (or use the search bar in the top right).

> ✅ If you haven't created a player yet, check out our article Create a player for guidance.

The player settings display.

Set image playback

1. Scroll down to the **Navigation & discovery** section, find **Image playback** and click the toggle to enable the setting.

2. Click **Save** at the top right of the settings page.

For full APIs see Image player usage guide.
