About

Enable this option to display an information icon in the upper right corner of the player. When viewers click the icon, they can see additional details about the video. You can control exactly which information is shown.

VOD

Access the player settings

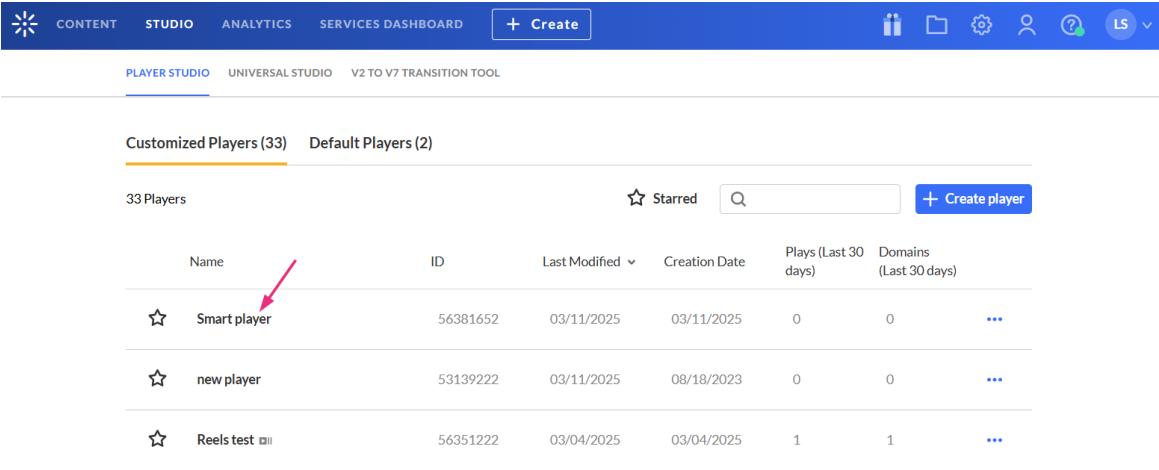

1. Log in to your KMC and click the **Studio** tab.

The [Player Studio](#) page displays.

2. Click the player you want to edit from the list (or use the search bar in the top

right).

If you haven't created a player yet, check out our article [Create a player](#) for guidance.

The screenshot shows the Kaltura Player Studio interface. At the top, there are navigation tabs: CONTENT, STUDIO, ANALYTICS, and SERVICES DASHBOARD. A '+ Create' button is also visible. Below the tabs, there are three sub-tabs: PLAYER STUDIO (selected), UNIVERSAL STUDIO, and V2 TO V7 TRANSITION TOOL. The main content area displays a list of 'Customized Players' (33) and 'Default Players' (2). The 'Customized Players' list includes columns for Name, ID, Last Modified, Creation Date, Plays (Last 30 days), and Domains (Last 30 days). Three players are listed: 'Smart player', 'new player', and 'Reels test'. The 'Smart player' entry is highlighted with a red arrow.

The [player settings](#) display.

The screenshot shows the Kaltura player settings interface for a video titled 'Test'. The video preview shows a man in a lab coat standing behind a table with chemistry glassware. The left sidebar contains several sections with configuration options: PLAYBACK OPTIONS (Auto Play, Start Playback Muted, Auto Pause, Fallback to Muted Autoplay, Preload), ACCESSIBILITY & LANGUAGE (Localization, Captions default display, Transcript, Extended audio description, Apply user preferences), and NAVIGATION & DISCOVERY (Navigation, Related, Summary & chapters). The 'Navigation' option is currently selected and has a blue toggle switch. The video player interface includes a play button, a preview window, and a resolution selector (1360 x 765).

Set info icon and configure

1. Scroll down to the **Navigation & discovery** section, find **Info** and click the toggle to open the settings.

Info

- None ?
- Plays and upload time ?
- Creator, plays, and upload time ?
- Owner, plays and upload time ?

2. Select what details appear when users click the information icon.

Options include:

- **None** – Hides all media information.
- **Plays and upload time** – Shows total number of plays, and when the media was uploaded.
- **Creator, plays, and upload time** - Shows the media creator information, total number of plays, and when the media was uploaded.
- **Owner, plays, and upload time** – Shows the media owner information, total number of plays, and when the media was uploaded.

3. Click **Save** at the top right of the settings page.

For the user guide, see [Info icon](#).
