

# Enable autopause in the player

Last Modified on 11/07/2025 11:34 am IST

 This article is designated for administrators.

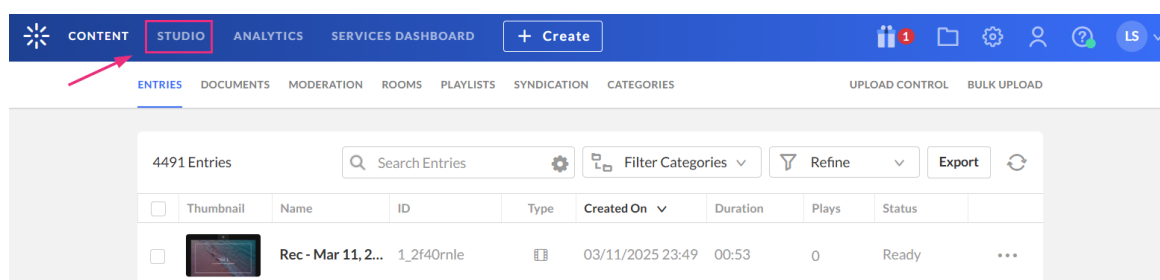

## About

Enable this option to allow the video to pause automatically when the player scrolls out of view. Playback will resume when the player comes back into view.

**VOD** **AUDIO** **REELS**

## Access the player settings

1. Log in to your KMC and click the **Studio** tab.

The [Player Studio](#) page displays.

2. Click the player you want to edit from the list (or use the search bar in the top right).

If you haven't created a player yet, check out our article [Create a player](#) for guidance.
