

Enable mute at start of playback in the player

Last Modified on 12/01/2025 2:26 pm IST

 This article is designated for administrators.

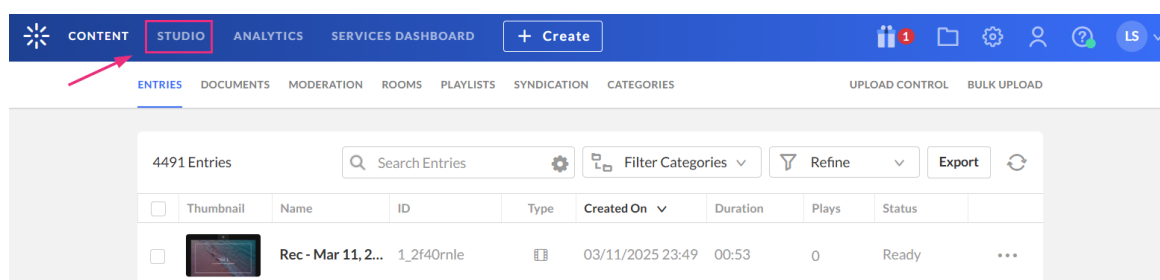

About

Enable this option to allow the media to start in mute mode when autoplay playback begins.

VOD **AUDIO** **REELS**

Access the player settings

1. Log in to your KMC and click the **Studio** tab.

The [Player Studio](#) page displays.

2. Click the player you want to edit from the list (or use the search bar in the top right).

If you haven't created a player yet, check out our article [Create a player](#) for guidance.
