

# Enable alphabetical sorting for audio tracks

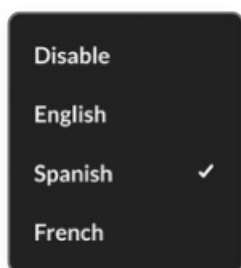

Last Modified on 11/07/2025 11:49 am IST

 This article is designated for administrators.

## About

When multiple audio tracks in different languages are uploaded (like English and French), by default, the player will sort them by Creation date (Ascending).

Enable the **Sort audio tracks alphabetically** option to sort audio tracks of different languages in alphabetical order.

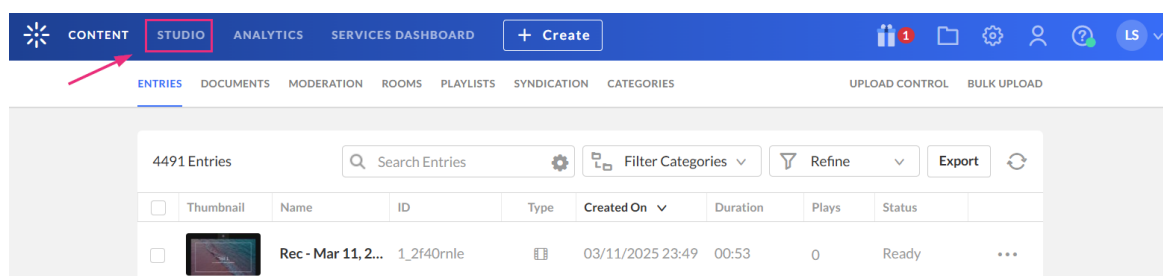

This setting relates to *ordering* of audio tracks in the *user interface*, i.e., visual ordering.

**VOD** **AUDIO** **REELS**

## Access the player settings

1. Log in to your KMC and click the **Studio** tab.

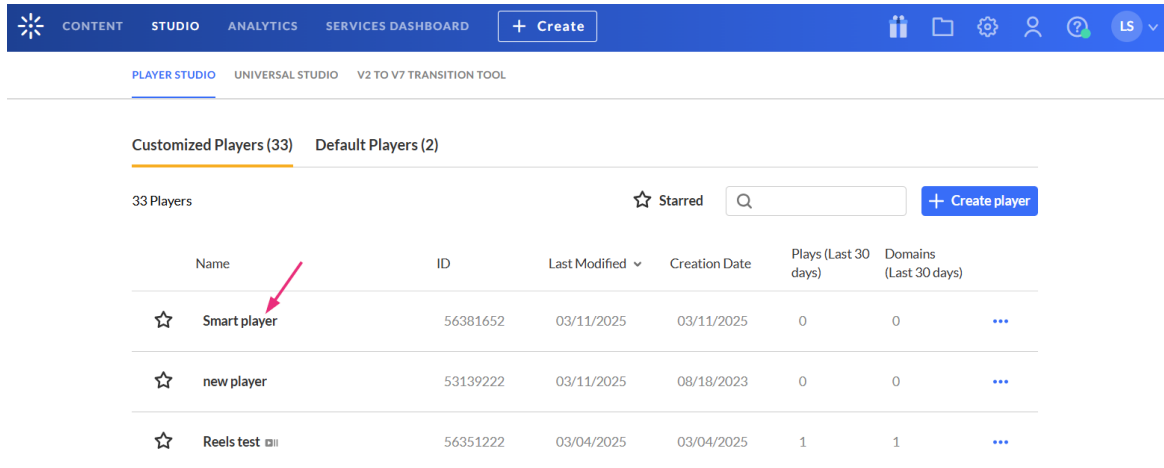

The [Player Studio](#) page displays.

2. Click the player you want to edit from the list (or use the search bar in the top right).

If you haven't created a player yet, check out our article [Create a player](#) for guidance.

The screenshot shows the Kaltura Studio interface. At the top, there's a navigation bar with 'CONTENT', 'STUDIO', 'ANALYTICS', and 'SERVICES DASHBOARD'. Below this, there's a 'PLAYER STUDIO' section with tabs for 'UNIVERSAL STUDIO' and 'V2 TO V7 TRANSITION TOOL'. The main content area shows 'Customized Players (33)' and 'Default Players (2)'. A table lists 33 players, with 'Smart player' highlighted by a red arrow. The table columns are: Name, ID, Last Modified, Creation Date, Plays (Last 30 days), and Domains (Last 30 days).

| Name         | ID       | Last Modified | Creation Date | Plays (Last 30 days) | Domains (Last 30 days) |
|--------------|----------|---------------|---------------|----------------------|------------------------|
| Smart player | 56381652 | 03/11/2025    | 03/11/2025    | 0                    | 0                      |
| new player   | 53139222 | 03/11/2025    | 08/18/2023    | 0                    | 0                      |
| Reels test   | 56351222 | 03/04/2025    | 03/04/2025    | 1                    | 1                      |

The [player settings](#) display.

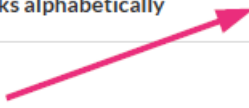

The screenshot shows the Kaltura Studio interface with the 'Smart player' settings displayed. The 'Playback options' section is expanded, and the 'Sort audio tracks alphabetically' toggle is enabled. The video player shows a man in a lab coat standing behind a table with various glassware and a whiteboard labeled 'Strategy'.

## Set Sort audio tracks alphabetically

1. In the **Playback options** section scroll down to **Sort audio tracks alphabetically** and click the toggle to enable the setting.

## PLAYBACK OPTIONS

Auto Play ☒Start Playback Muted ☒Auto Pause ☐Fallback to Muted Autoplay ☐Preload ☐Prioritize audio description ☒Sort audio tracks alphabetically ☒[See less](#)

2. Click **Save** at the top right of the settings page.
