About

You can set which languages are available in the player and choose a default display language.

Set localization

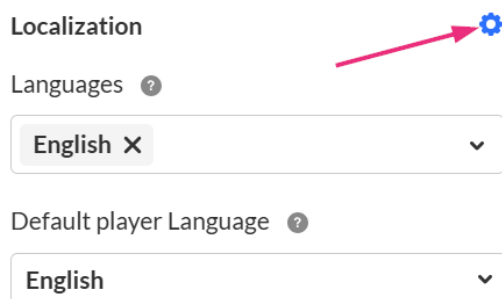

VOD

1. In the KMC, open your player, then go to the settings tab (look for the **gear icon**).

2. Scroll down to the **General** section and find **Localization**.

3. Click the gear icon to open the settings.

4. Configure the following:

- In **Languages**, select all languages to be bundled with the player.

- In **Default Player Language**, select the default language for the player.

5. Click **Save** at the top right of the settings page.
